"FREAK" WIND RUINS TRAILER 5 P.M. SUNDAY

A strong wind, almost of hurricane proportion, accompanying a hail and rainstorm Sunday afternoon destroyed the trailer house of Lloyd "Charlie" Yingling, Gettysburg R. 1, rolling it over 4½ times, with Mr. Yingling it it, and twisted the trailer apart, causing $5,000 damage. Yingling escaped with slight bruises. It also caused damage to six other properties within a mile area.

The sudden gale struck at about 5 o'clock. Mr. Yingling had closed the door of the trailer, located five miles south of here, near the Barlow store, because of the rain. He then turned to the living room of the trailer when the wind struck.

Yingling, an employe of the Citizens Oil Co. roofing division, said the trailer was lifted off its concrete block foundation and started rolling north.

Thrown Against Trees

"The stove and I went around 4½ times," he said. When the building stopped, the floor was upright against a row of trees—which kept the structure from rolling down a step incline into a stream; parts of the building were 15 to 20 feet in the air, draped through trees. The structure had been torn apart, and Yingling was lying on the wall, which was flat on the ground, the heavy stove beside him.

A utility pole which had been imbedded in concrete, in the rear of the trailer, was blown down. Yingling's car was damaged when the trailer struck it.

The path of the wind, which came from the south, was shown by toppled trees.

Has No Insurance

The Yingling trailer was located on a slight hill, south and west of Barlow, along the road leading to Natural Dam. South of the building was an open field. Beyond that, a quarter-mile away is a woods. A narrow path was ripped through the woods. The trees were broken off, the limbs pointing in the direction of the Yingling trailer.

Yingling estimated his loss at $5,000 and said he had no insurance. Some of the equipment in the house was salvaged today. The television set was undamaged as it rolled around in the trailer. The kitchen sink and similar articles also appeared undamaged.

Report Hail, Tornado

Clarence Maring, about a half-mile from the Yingling home, described the windstorm as a "tornado" and said it brought with it hail "as big as marbles and it made the ground white." At his home the storm felled two large maple trees, tore slate off the roof and broke windows on the second floor of the house.

At the home of his brother, Herman Maring, near the Barlow fire house, the storm tore down a number of trees and electric lines. Herman Maring, in his large chicken house at the time, said it rocked like "a ship at sea" and he exepected it to go over at any minute. The

BURGESS SPOTS FIRE; OFFICER ROUSES TENANT

A thin trail of smoke that attracted the attention of Burgess William G. Weaver Sunday morning may have saved the life of James Hess, Chambersburg St., firemen said today.

Weaver, a past chief and past president of the fire department, was driving on S. Washington St., entering Chambersburg St. when he saw a wisp of smoke or steam coming from a window of an apartment above the N. O. Sixeas furniture store.

Borough Officer Clarence H. Cluck was patrolling his beat nearby and was instructed to investigate. Cluck went to the second floor where he found smoke filling the hallway, and the door to the Hess apartment locked. The officer kicked the door open and found Hess asleep in a smoke filled bedroom.

Cluck aroused the sleeping man, assisted him from the apartment, then called the firemen.

The fire was in a rear bedroom, where a mattress, bed and stand were blazing. A crib in the room was damaged by smoke. Hess was alone in the apartment, his wife and infant son at the hospital. Firemen believe the mattress may have smouldered throughout the night and was about to burst into flames when the fire was discovered.

Damage was estimated at $400. The cause of the blaze has not been determined.

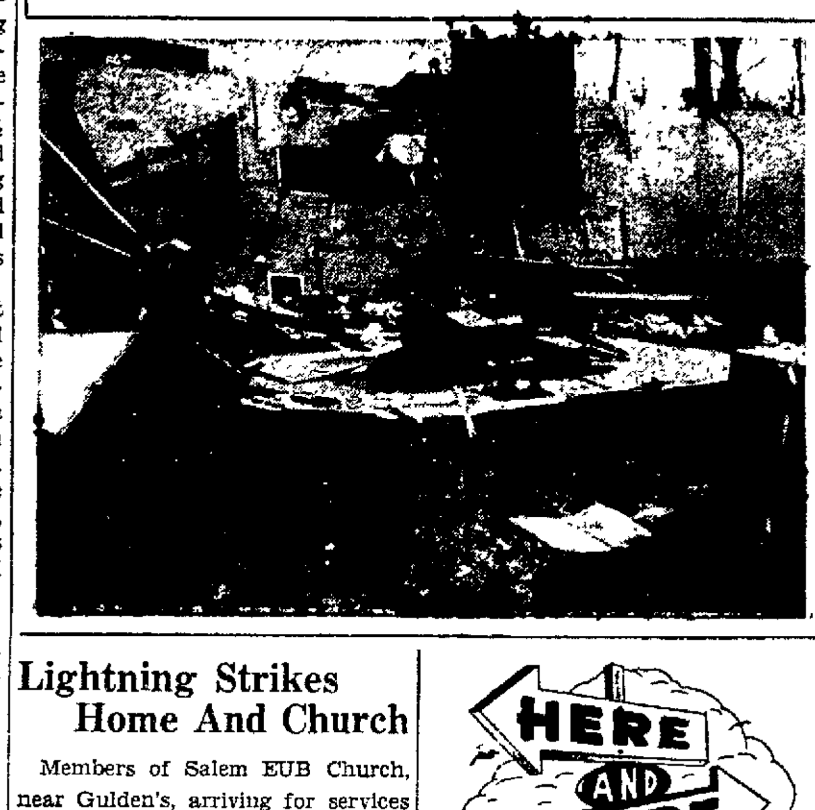
Trailer Wrecked By Wind

Below is what remained after a sudden wind struck the trailer home of Lloyd Yingling, near Barlow, Sunday evening. The part of the building on the ground is a wall, the part standing on end is the floor. Other parts were scattered in trees and about the lot in which the trailer was located on a cement block foundation before the wind struck it.



Lightning Strikes Home And Church

Members of Salem EUB Church, near Gulden's, arriving for services Sunday morning found themselves in time to extinguish a fire.

Lightning apparently struck both the church and the home of Timothy E. Farrell, Gettysburg R. 4, next door to the church, at about 8 o'clock Saturday night.

The Farrell family was eating dinner when the bolt struck, putting out the lights in the home. The Farrells replaced the fuses and electric light bulbs. The church was dark and they assumed that all the damage had been to their lighting system.

Sunday morning when parishioners arrived they found the burned off bell rope in the vestibule and smoke in the church. Investigation disclosed a beam smoldering in the belfry, apparently started by the lightning. It was extinguished by a bucket brigade.

Every editor receives many communications. Some are good, some are not. Some are unsigned . . . and these are heaved into the waste basket, most of the time without reading them. Some are caustic, some are complimentary and some are fit pieces for study by U.S. Postal Inspectors (although we have never turned any over to them). Some are critical and some are so confused and jumbled that a battery of psychologists, lawyers and cryptographers would be unable to decipher.

The communication we received today deserves a little more attention and we proudly publish it in full as follows:

A clipping from your February 17th issue of the column "Here and There" has come to my attention. It was with interest and some nostalgia that I read this.

The story about Herman William Weidner sets up a chain reaction of happy memories as I was privileged to be a student under Professor Weidner when he was principal of the Vineland, New Jersey, High School. Through no fault of his own, he was able to accomplish little in the way of contributing to my academic achievement. However, he did instill into me, as into many other students, a sense of life values which have served me well.

I can testify to the fact that he was an enthusiastic hunter, and I would like to cite just one incident as follows: I liked to hunt small game from the time I was old enough to hold a gun. When the opening day of the upland game season came in, if it were on a weekday, I usually found some excuse for being absent from school, even though this involved truancy.

One year, the Board of Education adopted a regulation that absence, except on certificate of illness by a physician, was inexcusable and would result in expulsion. That year the gunning season came in on Friday and I was distraught. On Thursday after-

Texas Police Arrest 3 Men, Seize $95,000 In Robbery Of Bakery Owner On April 22

HOUSTON, Tex. (AP) — Police arrested three men yesterday and said they had recovered more than $95,000 in cash in what they called a $300,000 burglary.

Police said the money was recovered in a raid on the home of Harvey Marley, 31, in San Antonio by Houston and San Antonio police and Texas Rangers.

Marley and Edwin Roy Hamlett, 34, Houston automobile salesman, are held in jail here. San Antonio police are holding Arthur Eckert, a used car dealer.

The three men are charged with burglary and felony theft in the looting of a closet safe the night of April 22 at the home of Paul D. Denny, a bakery owner.

Police said the raid was the result of efforts of San Antonio sports writer Dan Cook to solve the burglary and get his "big story."

"Fantastic" Story

Cook, of the San Antonio News, took $3,055 to Houston police last Thursday and said he and Jimmy Parks, San Antonio boxing promoter, had taken the money from Hamlett and Jimmy Hicks, an automobile dealer, in an effort to solve the burglary. Police called the story "fantastic" and arrested Cook and Parks on charges of robbery by firearms. They were freed under $10,000 bond.

Police said they can now account for about $251,000 of an estimated $300,000 in cash, government bonds and negotiable securities they said were stolen from the Denny closet safe.

Some Were Burned

They said about $160,000 in securities was burned. $95,000 in cash was recovered in San Antonio yesterday and they are holding a Cadillac automobile purchased last week by Hamlett for $3,205. These amounts are in addition to the $3,055 which Cook turned over to Houston Police Chief Jack Heard.

Denny reported to police on the night of the burglary that the safe holding $100,000 in securities and $10,000 in cash had been stolen

TEACHERS HEAR DR. HEIGES AND INSTALL STAFF

Officers were installed, a scholarship check was presented and there was an address by Dr. Ralph H. Heiges, president-elect of the Shippensburg State Teachers' College at the April meeting of Delta Kappa Gamma society, international honor society for women teachers, which was held Saturday at Graeffenburg Inn.

Dr. Heiges, the luncheon speaker, discussed the topic, "How Can We Provide Facilities for Educating Future Teachers?" He said that "our period of recruitment is over, we have more prospective teachers than we have facilities to train them. By January 1, the enrollment for next September was closed."

He pointed out that more children are receiving an education because of scholarships and in many families a second child can go to college because the first went on a GI education. "There are 153,000 people in college today. What are we going to do with the extra 75,000 students of college age in 1970?"

Miss Held Installed

Dr. Heiges said finances are "not presenting such a serious problem today." He said that scarcely any available loan fund has been exhausted. Nearly every college has money for student loans but most students would rather accept gifts or scholarships. "Of the 900 students at Shippensburg State Teachers' College, 600 have cars," he said.

After the luncheon, two new members, Miss Jean Biggs, a teacher in the Keefauver Elementary building here, and Miss Alma Miller, Biglerville, were initiated into the Omega chapter.

New officers from Gettysburg who were installed included: President, Miss LeOra Held, who teaches in Littlestown, and treasurer, Miss Jane Schwartz, of Gettysburg High School. Past presidents' pins were presented to Miss Alice M. Snyder, Miss Mary I. Hartman and Mrs. Amy Gorman, who just retired from office.

Scholarship Check

A $25 scholarship check was presented to Miss Verna Wilson of Greencastle who has just completed her first year at Shippensburg.

The next meeting of the local chapter will be held at the home of Miss Jane Schwartz on June 15.

The state convention will be held at Hershey June 2 and the dates for the national convention to be held at New Orleans are August 6 to August 11, inclusive.

EISENHOWERS ATTEND LOCAL CHURCH SUNDAY

President Eisenhower started the auto drive back to Washington this morning a few minutes before 9 o'clock after a weekend at the farm here that saw the President on the Gettysburg Country Club links Saturday morning and with Mrs. Eisenhower at the Gettysburg Presbyterian Church Sunday morning. Both of those trips were for the first time since his heart attack last September 24. Mrs. Eisenhower remained at the farm for a few days.

The President played 18 holes of golf on Saturday in 80-degree sun shine. It was the first time he had golfed here since his heart attack but he had resumed the game elsewhere more than two months ago.

Wearing a pink, peaked cap, a short-sleeved tan sport shirt and brown slacks, Mr. Eisenhower toured the course with old friends, retired Brig. Gen. Arthur S. Nevins, of Gettysburg; George E. Allen, former Truman administration official and neighbor of the Eisenhowers in Adams County, and retired Gen. Frank Caffey.

Just before leaving the farm for the golf links shortly after 9 o'clock Saturday morning, Mr. Eisenhower received a sapling cherry tree from a delegation representing the National Cherry Tree Institute. That and a dozen other cherry trees presented to him in Washington earlier this month are being planted on the grounds at the farm.

Mrs. Eisenhower Shops

The President arrived at his country home from Washington by auto Friday afternoon. Mrs. Eisenhower had driven here earlier in the day. This was the first weekend they had spent at their farm in more than a month and they lost no time catching up with developments there.

For one thing the President and the First Lady inspected a newly-furnished guest cottage situated near the main house. The small white brick cottage was formerly used as a headquarters office by the Secret Service. President and Mrs. Eisenhower went to church together here on Sunday for the first time since early last August. Only Secret Service men were with them.

Saturday morning Mrs. Eisenhower and her guest, Mrs. Caffey, shopped in Gettysburg and then called on Mrs. Arthur S. Nevins at her home on the Biglerville road.

Arriving a few minutes before the Sunday morning church service began, the Eisenhowers were greeted by Host Usher Attorney Franklin R. Bigham, who ushered Mrs. Eisenhower to the pew regularly reserved for them. The President followed down the aisle.

Rev. Clyde R. Brown, pastor, delivered a sermon that took note of the 250th anniversary of the founding of the first Presbytery in the United States at Philadelphia. He used a text from John 4:38: ". . . others have labored and ye are entered into their labors."

After the service, the pastor came by the Eisenhower pew, greeted the President and Mrs. Eisenhower and walked with them to the church door where photographers were waiting. A crowd of several hundred gathered before and after the service.

Mrs. Eisenhower was dressed in navy blue with white accessories. The President wore a gray suit and many who saw him commented on his tanned, hale and hearty appearance.

Milo O. Gallinger Is Buried Sunday

Funeral services for Milo Oliver Gallinger, 66, East Berlin R. 2, who operated a craft shop and weaving school with his wife at Guernsey and later at Brown's Dam near East Berlin and who died Friday evening at the Warner Hospital, were held Sunday afternoon from his craft shop at Brown's Dam with the Rev. Victor K. Meredith Jr., Gettysburg Methodist pastor, and the Rev. F. Holt Palmer, assistant pastor of a Presbyterian church in New York, officiating.

Interment was in the Milford Pa. cemetery this afternoon.

The pallbearers were Richard [illegible], [illegible] Hewitt, [illegible], [illegible], [illegible] Tibbert, Philip M. Jones and Roy Hammond.

YWCA LEADERS HIGHLIGHT Y WORK ON RADIO

A special broadcast highlighting the "National YWCA Week" and stressing the local needs and services of the YWCA was broadcast Saturday evening at 6:45 o'clock over Station WGET. Presented in the form of an informal discussion three representative leaders of the YWCA participated in the broadcast: Mrs. John S. Rice, president; Mrs. Robert Fortenbaugh, vice president, and Mrs. Albert Bachman, program chairman.

Highlights of the broadcast were:

"What is the purpose of the YWCA and is this purpose sustained in all 1600 associations?

"To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians.

"In this endeavor we seek to understand Jesus, to share His love for all people and to grow in the knowledge and love of God.

"The Christian Associations of large cities would have different needs from those of rural areas, such as ours.

"The reason for the first Y established over one hundred years ago in England was to provide a home for girls coming from the rural into the industrial areas. It is quite similar to the reason of our Y here. Our Y began from a need to provide a meeting place for girls in the town who wanted a place where they could get together.

Opened Home To Girls

"Miss Annie Danner, who lived in the building which is now our Y, opened her home to these girls. They came often and, under her leadership, developed such fine friendships and community interests that, at her death, Miss Annie Danner left her home for the permanent use of these girls. She realized that a Y association would fulfill her wish to keep this meeting place a center of growth and expansion of interests for these girls whom she had loved and wanted to help . . . and really for all girls. After much work by interested town and country women,

The shots are given youngsters between the ages of one and 14.

Attorneys For George Gingell Claim "Justifiable Homicide" In Slaying Of Lee W. Mainer

Pleading "self defense" for their client, George W. Gingell, 42-year-old quarry owner of Zora, defense attorneys set out today in Adams County Court to establish a case of "justifiable homicide" and win an acquittal for the defendant in the March 24 slaying of Lee W. Mainer of Blue Ridge Summit.

Opening the case for the defense in court Saturday afternoon, Attorney Edwin Nikirk, a former state's attorney in Frederick County, Md., told the jury:

"We will show you that Lee W. Mainer was the originator and prepared the blueprint for his departure from this life. We will show you that this was a case of justifiable, or excusable homicide and enter a plea of self defense.

Threatened Gingell Family

"We will show you that George Gingell is a young man who is highly respected, married and the father of three lovely children. He enjoys a splendid reputation for peace, order and quiet. We will show you that some time ago Mainer became acquainted with Mrs. Hoffman (Gingell's sister) and because of this relationship it became necessary for the defendant to invoke the assistance of the law enforcement officials for her protection and after that Mainer entertained a deep hatred for him.

"We will show you that Mainer displayed a marked animosity and many times threatened the life of Mr. Gingell and of his family and threatened the chastity of his wife and two daughters. Gingell in fear of his life and in fear of serious bodily harm and for the safety of members of his family and for the sanctity of his home. Mainer's life was dedicated to evil and he had the reputation for having a violent and dangerous nature."

Will Refute Testimony

Immediately after Mr. Nikirk completed his nine-minute opening address to the jury, the defense indicated an important part of their case will be to discredit the version of the shooting given in court last week by the state's key witness, Elmer "Bud" Shockey, 33-year-old Blue Ridge Summit trucker. It was Shockey who said Gingell walked toward Mainer with the gun, announcing his intention of killing him, and then fired the fatal shot outside the Tract Inn about 2 a.m. the morning of Saturday, March 24.

The defense called two witnesses Saturday afternoon and they were two girls, aged 15 and 16 years. One of them testified to having spent an afternoon and part of an evening with Mainer and Shockey on an unspecified date touring taverns in the vicinity of Fairfield and Emmitsburg.

Denied Association

On the stand last week Shockey denied that he and Mainer ever had "run around with girls together." In court Saturday afternoon both girls pointed to Shockey in the court room when asked by Defense Counsel J. Francis Yake Jr. to show the court who was with them on the day in question.

The names of the girls are not being published by The Gettysburg Times because of their age.

One of the girls told of drinking "narcotics" at one tavern and caused some consternation in court but it developed that it was sloe gin.

Gingell, was on the stand for an hour and half this morning and was under cross-examination by District Attorney Daniel E. Teeter when court recessed at noon. He returned to the stand when court re-convened at 1:30 o'clock.

Gives More Details

Gingell's account of the shooting followed the account given the jury last week when a stenographer read the police statement Gingell made later on the morning of the shooting. His hour of direct testimony expanded that with details.

Questioned by Defense Attorney Edwin Nikirk, Gingell said he had attended high school, two years of Massanutten Military Academy and is in the quarry business with his brother, Thomas. His wife and children, two girls and a boy, aged 15, 16 and 17, were pointed out by Nikirk in the front row of court room seats. They have been present for the entire trial.

Gingell said he had known Mainer since last summer but his difficulties with the man dated from late January when he had Mainer arrested for assault and battery on his sister, Mrs. Mabert Hoffman. The arrest was made on the advice of the district attorney, Gingell testified.

Feared For Life

From that time on, Gingell heard from friends and members of his family that Mainer was making threats that he (Mainer) would kill Gingell and his whole family. "They told me Mainer said he had killed one man and was on parole and if he was going back it would be for something worthwhile," Gingell testified.

"I heard he was carrying an open middle ring (a heavy iron open link used in horse and wagon hitching) and he was going to work on me with that and shoot me in the face."

Gingell said "I was scared to death" and carried a gun for one day because of that fear although

STATE CALLS 24 WITNESSES FOR GINGELL TRIAL

District Attorney Daniel E. Teeter rested the state's case against George W. Gingell, charged with the slaying of Lee W. Mainer, at 3:30 o'clock Saturday afternoon after calling 24 witnesses in three days. Nine of the witnesses were state policemen including Lt. L. M. Whitecotton, who is in charge of the state police crime laboratory and is an inspector of small arms and small arms ammunition at Harrisburg.

Pvt. Robert P. Brady, of the Gettysburg substation, who was on patrol the morning of March 24 when he received radio orders to go to the Tract Inn to investigate a shooting, was the first state witness Saturday. Brady said in conversation with Gingell that morning the defendant "said he was responsible for the shooting" but that later was stricken out of the record when it was developed that Gingell had not used those words.

Brady gave the jury the account of the shooting he had received from Gingell that morning. It placed Gingell near the south steps of the inn and Mainer 37 feet away near his own auto. Brady quoted Gingell as saying "this is the end of a quarrel of long standing" and that when Mainer had made threats against Gingell's family, he reached the "breaking point," in Brady's words. Brady said Gingell did not say anything to him about acting from fear or in self defense but on cross-examination Brady sail he did not ask Gingell that question. Brady told of finding two exploded shotgun shells near the south steps. He said there was part of a quart of whiskey and a full case of beer in Mainer's car.

Find Taped Pipe

The next witness was Pvt. John A McKenna, of the Gettysburg substation, who had accompanied Brady to the scene. The two officers brought Gingell to Gettysburg, they said.

Pvt. James A. Treas, of the Gettysburg substation of the state police, who had gone to the tavern the morning of March 24 with Sgt. Knipple, state police photographer, told of finding an eight-inch section of pipe, wrapped with friction tape, in the locked rear trunk of the Mainer machine. It was lying in a box of tools, he said. Pvt. James J. Hydock, of the state police, also at the scene during the morning, testified next.

Saturday afternoon Sgt. Christian H. Bomberger, state police chemist, testified. He said x-ray examination

JURORS TAKE 80-MILE RIDE

Breaking the monotony of a long weekend almost cut off from the rest of the world, the members of the jury in the Gingell murder case dined out on Sunday as part of an 80-mile sight-seeing ride that brought them back to Gettysburg in the late afternoon.

The jurors were taken to Bendersville for dinner at Bucher's restaurant and then a ride to Hunter's Run, Pine Grove, Caledonia, Mont Alto, Rouzerville, Fairfield and Gettysburg.

Sheriff Dorsey J. Schultz was in charge of the outing which was made in four autos with the sheriff and his deputies serving as drivers. Accompanying the 12 regular and two alternate jurors were, in addition to Sheriff Schultz, Deputy James G. Warren, Bernard Miller, Bernard Murray, Curvin Krout, Mrs. Elizabeth Bolinger and Mrs. B. W. Spence.

The jurors are registered at the James Gettys Hotel and eat their meals at the Deluxe restaurant. Some have been members of the jury since last Tuesday afternoon and all were chosen by last Wednesday. They may not see newspapers and may not listen to radio or view television news broadcasts. They did not attend church.

The Yingling trailer was located on a slight hill, south and west of Barlow, along the road leading to Natural Dam. South of the building was an open field. Beyond that, a quarter-mile away is a woods. A narrow path was ripped through the woods. The trees were broken off, the limbs pointing in the direction of the Yingling trailer.

Yingling estimated his loss at $5,000 and said he had no insurance. Some of the equipment in the house was salvaged today. The television set was undamaged as it rolled around in the trailer. The kitchen sink and similar articles also appeared undamaged.

Report Hail, Tornado

Clarence Maring, about a half-mile from the Yingling home, described the windstorm as a "tornado" and said it brought with it hail "as big as marbles and it made the ground white." At his home the storm felled two large maple trees, tore slate off the roof and broke windows on the second floor of the house.

At the home of his brother, Herman Maring, near the Barlow fire house, the storm tore down a number of trees and electric lines. Herman Maring, in his large chicken house at the time, said it rocked like "a ship at sea" and he exepected it to go over at any minute. The

BURGESS SPOTS FIRE; OFFICER ROUSES TENANT

A thin trail of smoke that attracted the attention of Burgess William G. Weaver Sunday morning may have saved the life of James Hess, Chambersburg St., firemen said today.

Weaver, a past chief and past president of the fire department, was driving on S. Washington St., entering Chambersburg St. when he saw a wisp of smoke or steam coming from a window of an apartment above the N. O. Sixeas furniture store.

Borough Officer Clarence H. Cluck was patrolling his beat nearby and was instructed to investigate. Cluck went to the second floor where he found smoke filling the hallway, and the door to the Hess apartment locked. The officer kicked the door open and found Hess asleep in a smoke filled bedroom.

Cluck aroused the sleeping man, assisted him from the apartment, then called the firemen.

The fire was in a rear bedroom, where a mattress, bed and stand were blazing. A crib in the room was damaged by smoke. Hess was alone in the apartment, his wife and infant son at the hospital. Firemen believe the mattress may have smouldered throughout the night and was about to burst into flames when the fire was discovered.

Damage was estimated at $400. The cause of the blaze has not been determined.

Trailer Wrecked By Wind

Below is what remained after a sudden wind struck the trailer home of Lloyd Yingling, near Barlow, Sunday evening. The part of the building on the ground is a wall, the part standing on end is the floor. Other parts were scattered in trees and about the lot in which the trailer was located on a cement block foundation before the wind struck it.

Lightning Strikes Home And Church

Members of Salem EUB Church, near Gulden's, arriving for services Sunday morning found themselves in time to extinguish a fire.

Lightning apparently struck both the church and the home of Timothy E. Farrell, Gettysburg R. 4, next door to the church, at about 8 o'clock Saturday night.

The Farrell family was eating dinner when the bolt struck, putting out the lights in the home. The Farrells replaced the fuses and electric light bulbs. The church was dark and they assumed that all the damage had been to their lighting system.

Sunday morning when parishioners arrived they found the burned off bell rope in the vestibule and smoke in the church. Investigation disclosed a beam smoldering in the belfry, apparently started by the lightning. It was extinguished by a bucket brigade.

Every editor receives many communications. Some are good, some are not. Some are unsigned . . . and these are heaved into the waste basket, most of the time without reading them. Some are caustic, some are complimentary and some are fit pieces for study by U.S. Postal Inspectors (although we have never turned any over to them). Some are critical and some are so confused and jumbled that a battery of psychologists, lawyers and cryptographers would be unable to decipher.

The communication we received today deserves a little more attention and we proudly publish it in full as follows:

* * *

A clipping from your February 17th issue of the column "Here and There" has come to my attention. It was with interest and some nostalgia that I read this.

* * *

The story about Herman William Weidner sets up a chain reaction of happy memories as I was privileged to be a student under Professor Weidner when he was principal of the Vineland, New Jersey, High School. Through no fault of his own, he was able to accomplish little in the way of contributing to my academic achievement. However, he did instill into me, as into many other students, a sense of life values which have served me well.

I can testify to the fact that he was an enthusiastic hunter, and I would like to cite just one incident as follows: I liked to hunt small game from the time I was old enough to hold a gun. When the opening day of the upland game season came in, if it were on a weekday, I usually found some excuse for being absent from school, even though this involved truancy.

One year, the Board of Education adopted a regulation that absence, except on certificate of illness by a physician, was inexcusable and would result in expulsion. That year the gunning season came in on Friday and I was distraught. On Thursday after-

Texas Police Arrest 3 Men, Seize $95,000 In Robbery Of Bakery Owner On April 22

HOUSTON, Tex. (AP) — Police arrested three men yesterday and said they had recovered more than $95,000 in cash in what they called a $300,000 burglary.

Police said the money was recovered in a raid on the home of Harvey Marley, 31, in San Antonio by Houston and San Antonio police and Texas Rangers.

Marley and Edwin Roy Hamlett, 34, Houston automobile salesman, are held in jail here. San Antonio police are holding Arthur Eckert, a used car dealer.

The three men are charged with burglary and felony theft in the looting of a closet safe the night of April 22 at the home of Paul D. Denny, a bakery owner.

Police said the raid was the result of efforts of San Antonio sports writer Dan Cook to solve the burglary and get his "big story."

"Fantastic" Story

Cook, of the San Antonio News, took $3,055 to Houston, police last Thursday and said he and Jimmy Parks, San Antonio boxing promoter, had taken the money from Hamlett and Jimmy Hicks, an automobile dealer, in an effort to solve the burglary. Police called the story "fantastic" and arrested Cook and Parks on charges of robbery by firearms. They were freed under $10,000 bond.

Police said they can now account for about $261,000 of an estimated $300,000 in cash, government bonds and negotiable securities they said were stolen from the Denny closet safe.

Some Were Burned

They said about $160,000 in securities was burned, $95,000 in cash was recovered in San Antonio yesterday and they are holding a Cadillac automobile purchased last week by Hamlett for $3,205. These amounts are in addtion to the $3,055 which Cook turned over to Houston Police Chief Jack Heard.

Denny reported to police on the night of the burglary that the safe holding $100,000 in securities and $10,000 in cash had been stolen

TEACHERS HEAR DR. HEIGES AND INSTALL STAFF

Officers were installed, a scholarship check was presented and there was an address by Dr. Ralph H. Heiges, president-elect of the Shippensburg State Teachers' College at the April meeting of Delta Kappa Gamma society, international honor society for women teachers, which was held Saturday at Graeffenburg Inn.

Dr. Heiges, the luncheon speaker, discussed the topic, "How Can We Provide Facilities for Educating Future Teachers?" He said that "our period of recruitment is over, we have more prospective teachers than we have facilities to train them. By January 1, the enrollment for next September was closed."

He pointed out that more children are receiving an education because of scholarships and in many families a second child can go to college because the first went on a GI education. "There are 153,000 people in college today. What are we going to do with the extra 75,000 students of college age in 1970?"

Miss Held Installed

Dr. Heiges said finances are "not presenting such a serious problem today." He said that scarcely any available loan fund has been exhausted. Nearly every college has money for student loans but most students would rather accept gifts or scholarships. "Of the 900 students at Shippensburg State Teachers' College, 600 have cars," he said.

After the luncheon, two new members, Miss Jean Biggs, a teacher in the Keefauver Elementary building here, and Miss Alma Miller, Biglerville, were initiated into the Omega chapter.

New officers from Gettysburg who were installed included: President, Miss LeOra Held, who teaches in Littlestown, and treasurer, Miss Jane Schwartz, of Gettysburg High School. Past presidents' pins were presented to Miss Alice M. Snyder, Miss Mary I. Hartman and Mrs. Amy Gorman, who just retired from office.

Scholarship Check

A $25 scholarship check was presented to Miss Verna Wilson of Greencastle who has just completed her first year at Shippensburg.

The next meeting of the local chapter will be held at the home of Miss Jane Schwartz on June 15.

The state convention will be held at Hershey June 2 and the dates for the national convention to be held at New Orleans are August 6 to August 11, inclusive.

EISENHOWERS ATTEND LOCAL CHURCH SUNDAY

President Eisenhower started the auto drive back to Washington this morning a few minutes before 9 o'clock after a weekend at the farm here that saw the President on the Gettysburg Country Club links Saturday morning and with Mrs. Eisenhower at the Gettysburg Presbyterian Church Sunday morning. Both of those trips were for the first time since his heart attack last September 24. Mrs. Eisenhower remained at the farm for a few days.

The President played 18 holes of golf on Saturday in 80-degree sun shine. It was the first time he had golfed here since his heart attack but he had resumed the game elsewhere more than two months ago.

Wearing a pink, peaked cap, a short-sleeved tan sport shirt and brown slacks, Mr. Eisenhower toured the course with old friends, retired Brig. Gen. Arthur S. Nevins, of Gettysburg; George E. Allen, former Truman administration official and neighbor of the Eisenhowers in Adams County, and retired Gen. Frank Caffey.

Just before leaving the farm for the golf links shortly after 9 o'clock Saturday morning, Mr. Eisenhower received a sapling cherry tree from a delegation representing the National Cherry Tree Institute. That and a dozen other cherry trees presented to him in Washington earlier this month are being planted on the grounds at the farm.

Mrs. Eisenhower Shops

The President arrived at his country home from Washington by auto Friday afternoon. Mrs. Eisenhower had driven here earlier in the day. This was the first weekend they had spent at their farm in more than a month and they lost no time catching up with developments there.

For one thing the President and the First Lady inspected a newly-furnished guest cottage situated near the main house. The small white brick cottage was formerly used as a headquarters office by the Secret Service. President and Mrs. Eisenhower went to church together here on Sunday for the first time since early last August Only Secret Service men were with them.

Saturday morning Mrs. Eisenhower and her guest, Mrs. Caffey, shopped in Gettysburg and then called on Mrs. Arthur S. Nevins at her home on the Biglerville road.

Arriving a few minutes before the Sunday morning church service began, the Eisenhowers were greeted by Host Usher Attorney Franklin R. Bigham, who ushered Mrs. Eisenhower to the pew regularly reserved for them. The President followed down the aisle.

Rev. Clyde R. Brown, pastor, delivered a sermon that took note of the 250th anniversary of the founding of the first Presbytery in the United States at Philadelphia. He used a text from John 4:38: ". . . others have labored and ye are entered into their labors."

After the service, the pastor came by the Eisenhower pew, greeted the President and Mrs. Eisenhower and walked with them to the church door where photographers were waiting. A crowd of several hundred gathered before and after the service.

Mrs. Eisenhower was dressed in navy blue with white accessories. The President wore a gray suit and many who saw him commented on his tanned, hale and hearty appearance.

Milo O. Gallinger Is Buried Sunday

Funeral services for Milo Oliver Gallinger, 66, East Berlin R. 2, who operated a craft shop and weaving school with his wife at Guernsey and late at Brown's Dam, near East Berlin, and who died Friday evening at the Warner Hospital, were held Sunday afternoon from his loom shop at Brown's Dam with the Rev. Victor K. Meredith Jr., Gettysburg Methodst pastor, and the Rev. E. Hoit Palmer, assistant pastor of a Presbyterian church in New York, officiating.

Interment was in the Milford, Pa., cemetery this afternoon.

The pallbearers were Richard Starner, Dorset Hewitt, Archie Pentz, Dr. Frederick Tilberg, Philip M. Jones and Roy Hammond.

YWCA LEADERS HIGHLIGHT Y WORK ON RADIO

A special broadcast highlighting the "National YWCA Week" and stressing the local needs and services of the YWCA was broadcast Saturday evening at 6:45 o'clock over Station WGET. Presented in the form of an informal discussion three representative leaders of the YWCA participated in the broadcast: Mrs. John S. Rice, president; Mrs. Robert Fortenbaugh, vice president, and Mrs. Albert Bachman, program chairman.

Highlights of the broadcast were:

"What is the purpose of the YWCA and is this purpose sustained in all 1600 associations?

"To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians.

"In this endeavor we seek to understand Jesus, to share His love for all people and to grow in the knowledge and love of God.

"The Christian Associations of large cities would have different needs from those of rural areas, such as ours.

"The reason for the first Y established over one hundred years ago in England was to provide a home for girls coming from the rural into the industrial areas. It is quite similar to the reason of our Y here. Our Y began from a need to provide a meeting place for girls in the town who wanted a place where they could get together.

Opened Home To Girls

"Miss Annie Danner, who lived in the building which is now our Y, opened her home to these girls. They came often and, under her leadership, developed such fine friendships and community interests that, at her death, Miss Annie Danner left her home for the permanent use of these girls. She realized that a Y association would fulfill her wish to keep this meeting place a center of growth and expansion of interests for these girls whom she had loved and wanted to help . . . and really for all girls. After much work by interested town and country women,

Crist, county medical director, said all those still to receive the shots must report Tuesday evening if they wish to receive them under the clinic plan. The shots are given youngsters between the ages of one and 14.

Attorneys For George Gingell Claim "Justifiable Homicide" In Slaying Of Lee W. Mainer

Pleading "self defense" for their client, George W. Gingell, 42-year-old quarry owner of Zora, defense attorneys set out today in Adams County Court to establish a case of "justifiable homicide" and win an acquittal for the defendant in the March 24 slaying of Lee W. Mainer of Blue Ridge Summit.

Opening the case for the defense in court Saturday afternoon, Attorney Edwin Nikirk, a former state's attorney in Frederick County, Md., told the jury:

"We will show you that Lee W. Mainer was the originator and prepared the blueprint for his departure from this life. We will show you that this was a case of justifiable, or excusable homicide and enter a plea of self defense.

Threatened Gingell Family

"We will show you that George Gingell is a young man who is highly respected, married and the father of three lovely children. He enjoys a splendid reputation for peace, order and quiet. We will show you that some time ago Mainer became acquainted with Mrs. Hoffman (Gingell's sister) and because of this relationship it became necessary for the defendant to invoke the assistance of the law enforcement officials for her protection and after that Mainer entertained a deep hatred for him.

"We will show you that Mainer displayed a marked animosity and many times threatened the life of Mr. Gingell and of his family and threatened the chastity of his wife and two daughters. Gingell in fear of his life and in fear of serious bodily harm and for the safety of members of his family and for the sanctity of his home. Mainer's life was dedicated to evil and he had the reputation for having a violent and dangerous nature."

Will Refute Testimony

Immediately after Mr. Nikirk completed his nine-minute opening address to the jury, the defense indicated an important part of their case will be to discredit the version of the shooting given in court last week by the state's key witness, Elmer "Bud" Shockey, 33-year-old Blue Ridge Summit trucker. It was Shockey who said Gingell walked toward Mainer with the gun, announcing his intention of killing him, and then fired the fatal shot outside the Tract Inn about 2 a.m. the morning of Saturday, March 24.

The defense called two witnesses Saturday afternoon and they were two girls, aged 15 and 16 years. One of them testified to having spent an afternoon and part of an evening with Mainer and Shockey on an unspecified date touring taverns in the vicinity of Fairfield and Emmitsburg.

Denied Association

On the stand last week Shockey denied that he and Mainer ever had "run around with girls together." In court Saturday afternoon both girls pointed to Shockey in the court room when asked by Defense Counsel J. Francis Yake Jr. to show the court who was with them on the day in question.

The names of the girls are not being published by The Gettysburg Times because of their age.

One of the girls told of drinking "narcotics" at one tavern and caused some consternation in court but it developed that it was sloe gin.

Gingell, was on the stand for an hour and half this morning and was under cross-examination by District Attorney Daniel E. Teeter when court recessed at noon. He returned to the stand when court re-convened at 1:30 o'clock.

Gives More Details

Gingell's account of the shooting followed the account given the jury last week when a stenographer read the police statement Gingell made later on the morning of the shooting. His hour of direct testimony expanded that with details.

Questioned by Defense Attorney Edwin Nikirk, Gingell said he had attended high school, two years of Massanutten Military Academy and is in the quarry business with his brother, Thomas. His wife and children, two girls and a boy, aged 15, 16 and 17, were pointed out by Nikirk in the front row of court room seats. They have been present for the entire trial.

Gingell said he had known Mainer since last summer but his difficulties with the man dated from late January when he had Mainer arrested for assault and battery on his sister, Mrs. Mabert Hoffman. The arrest was made on the advice of the district attorney, Gingell testified.

Feared For Life

From that time on, Gingell heard from friends and members of his family that Mainer was making threats that he (Mainer) would kill Gingell and his whole family. "They told me Mainer said he had killed one man and was on parole and if he was going back it would be for something worthwhile," Gingell testified.

"I heard he was carrying an open middle ring (a heavy iron open link used in horse and wagon hitching) and he was going to work on me with it and shoot me in the face."

Gingell said "I was scared to death" and carried a gun for one day because of that fear although

STATE CALLS 24 WITNESSES FOR GINGELL TRIAL

District Attorney Daniel E. Teeter rested the state's case against George W. Gingell, charged with the slaying of Lee W. Mainer, at 3:30 o'clock Saturday afternoon after calling 24 witnesses in three days. Nine of the witnesses were state policemen including Lt. L. M. Whitecotton, who is in charge of the state police crime laboratory and is an inspector of small arms and small arms ammunition at Harrisburg.

Pvt. Robert P. Brady, of the Gettysburg substation, who was on patrol the morning of March 24 when he received radio orders to go to the Tract Inn to investigate a shooting, was the first state witness Saturday. Brady said in conversation with Gingell that morning the defendant "said he was responsible for the shooting" but that later was stricken out of the record when it was developed that Gingell had not used those words.

Brady gave the jury the account of the shooting he had received from Gingell that morning. It placed Gingell near the south steps of the inn and Mainer 37 feet away near his own auto. Brady quoted Gingell as saying "this is the end of a quarrel of long standing" and that when Mainer had made threats against Gingell's family, he reached the "breaking point," in Brady's words. Brady said Gingell did not say anything to him about acting from fear or in self defense but on cross-examination Brady sail he did not ask Gingell that question. Brady told of finding two exploded shotgun shells near the south steps. He said there was part of a quart of whiskey and a full case of beer in Mainer's car.

Find Taped Pipe

The next witness was Pvt. John A McKenna, of the Gettysburg substation, who had accompanied Brady to the scene. The two officers brought Gingell to Gettysburg, they said.

Pvt. James A. Treas, of the Gettysburg substation of the state police, who had gone to the tavern the morning of March 24 with Sgt. Knipple, state police photographer, told of finding an eight-inch section of pipe, wrapped with friction tape, in the locked rear trunk of the Mainer machine. It was lying in a box of tools, he said. Pvt. James J. Hydock, of the state police, also at the scene during the morning, testified next.

Saturday afternoon Sgt. Christian H. Bomberger, state police chemist, testified. He said x-ray examination

JURORS TAKE 80-MILE RIDE

Breaking the monotony of a long weekend almost cut off from the rest of the world, the members of the jury in the Gingell murder case dined out on Sunday as part of an 80-mile sight-seeing ride that brought them back to Gettysburg in the late afternoon.

The jurors were taken to Bendersville for dinner at Bucher's restaurant and then a ride to Hunter's Run, Pine Grove, Caledonia, Mont Alto, Rouzerville, Fairfield and Gettysburg.

Sheriff Dorsey J. Schultz was in charge of the outing which was made in four autos with the sheriff and his deputies serving as drivers. Accompanying the 12 regular and two alternate jurors were, in addition to Sheriff Schultz, Deputy James G. Warren, Bernard Miller, Bernard Murray, Curvin Krout, Mrs. Elizabeth Bollinger and Mrs. B. W. Spence.

The jurors are registered at the James Getyts Hotel and eat their meals at the Deluxe restaurant. Some have been members of the jury since last Tuesday afternoon and all were chosen by last Wednesday. They may not see newspapers and may not listen to raido or view television news broadcasts. They did not attend church.

BALKS PAYING FOR NEW DAM

WASHINGTON (AP)—Sen. George (D-Ga) said Friday he opposes U.S. participation in financing of the proposed Aswan Dam in Egypt.

George is chairman of the Senate Foreign Relations Committee and chief spokesman on foreign policy in the Democratic-controlled Congress.

He said in an interview he thinks it would be "very unwise to help one of the belligerents in an area of possible conflict while there is no guarantee of stable peace there," and he continued:

"I am against making commitments for the Aswan Dam. The situation is bad in the Middle East and I think it would be one of the worst things we could do now. I don't know how we could justify it all."

The United States has joined with Britain in offering Egypt 70 million dollars for a start on the dam. The 56-million-dollar U.S. portion of this offer is available in foreign aid funds due to revert to the Treasury unless committed before June 30.

Later financing would come largely from the World Bank, which has announced substantial agreement with Egypt. Talks are continuing, however, on some thorny side issues.

The Aswan Dam has become something of a bargaining point in Middle East negotiations since Egypt's Premier Gamal Abdel Nasser indicated he still may consider Russian offers of aid to build the project.

Looting From Three Stores Totals $250

A group of touring school children stole approximately $250 worth of merchandise from counters of the Gift Box, Murphy's and Grant's stores Friday, according to the borough police report today.

Originally the owner of the Gift Box had reported to police that about $50 worth of merchandise had been stolen from that store, but a "shake down" by school officials from Tyrone, to whom she first reported the thefts, brought a return of about $25 worth of articles, many of which were from Grant's and Murphy's. Police and store officials Saturday made a thorough check and found that in addition to the articles returned the Gift Box suffered a $125 loss, and Grant's and Murphy's, $50 each. School officials had asked to be notified of the exact loss and promised that the class make restitution.

Warm Weather Brings Out Flower Blossoms

Nice warm "summer" weather that pushed the thermometer to an official 86 on Saturday and 84 on Sunday brought with it an appearance of spring as leaves appeared on trees and grass started greening.

The warm weather also brought out Judas blossoms and some dogwood on the battlefied and many fruit blossoms in the orchards. Indications were that, if the warm weather continues, the Judas tree, dogwood and the fruit orchards should all be at the peak of their beauty over the next weekend.

Damage was estimated at $185 to Irvin's car and $275 to Myers'. No one was injured.

Bellowing Bovines Bring Police Action

Police found the driver had retired at the James Gettys Hotel. They roused him, directed him to park the truck on the Essex Wire lot where the bellowing bovines could not distract the sleeping public, then returned the driver to the hotel to continue his sleep.

Three Vehicles Are Involved In Crash

Two cars and a tractor-trailer hauling a bulldozer were damaged early Friday night on the Mt. Holly Pike two miles south of Carlisle. Police said the drivers of the cars were George E. McNew Jr., 26, Gardners R. 1; Mrs. Jennie Shughart, 28, Gardners R. 2, and the tractor was driven by Leroy Darr, 29, Dillsburg. All three vehicles were traveling south.

Police said McNew had overtaken and passed the Shughart car and then crashed into the rear of the tractor-trailer, which was moving slowly up a grade. A door was knocked off the McNew car. Mrs. Shughart, in attempting to avoid hitting the door, lost control and her car ran off the road.

Mrs. Shughart's daughter, Beverly, aged one, suffered a contusion of the head and was treated by her family physician.

Police estimated the damage to McNew's car at $1,000, while the damage to Mrs. Shughart's car was placed at $50. Damage to the trailer, owned by the Dillsburg Construction Co., was estimated at $20.

Police filed charges against McNew and Darr before Justice of the Peace Paul L. Warren, Boiling Springs, McNew was charged with reckless driving and Darr for not having the tractor-trailer properly lighted.

RICHARD NIXON WILL BE TARGET OF DEMOCRATS

By THE ASSOCIATED PRESS

The political record of Vice President Nixon will be a prime Democratic target in the 1956 presidential campaign, Democratic National Chairman Paul M. Butler said last night.

Butler, in a television appearance, said Democrats also would attack what he called the "failure and fumbling" of the Eisenhower administration, which he accused of "trying to take credit for everything."

On the other hand, Sen. Dirksen (R-Ill) in another TV appearance declared that Nixon's decision to run again "assures a Republican victory all over the country."

Butler said voters will consider that in voting for Eisenhower this time they would be "taking the risk and possibility" of putting Nixon in the White House.

Accused Of Attack

Nixon's campaign technique, Butler said, not only "demeans but debauches the whole American system." He accused Nixon of "impugning the patriotism" of former President Harry Truman, among other things.

Butler also denied he prefers Adlai Stevenson over Sen. Estes Kefauver as the Democratic presidential candidate. As party chairman he said he wants only to get a candidate chosen and elected.

Kefauver said, meanwhile, he expects to be the Democratic nominee. "All the reports that I received from Florida and California . . . show that we are on the upgrade," he told a rally of District of Columbia supporters.

Residents of the District will choose six-vote slates of national convention delegates Tuesday. Both Kefauver and Stevenson have a Democratic slate of delegates entered.

Five Day Tour

The Tennessean flew to Tallahassee, Fla., to begin a five-day swing through northwest Florida ahead of the May 29 primary, in which he clashes directly with Stevenson. The two also collide in the California primary June 5.

Stevenson, meanwhile, flew into Oregon for three days of campaigning for write-in votes in that state's May 18 presidential primary. Neither Stevenson nor Kefauver is on the Democratic ballot but both seek write-in votes.

At a press conference, the 1952 Democratic candidate said he feels he is making good progress in his battle with Kefauver for the nomination.

In other weekend developments:

Gov. Averell Harriman of New York, who describes himself as "an inactive candidate" for the Democratic presidential nomination, called for a new American program of foreign aid to offset Soviet maneuvers. He said U.S. prestige has slumped under GOP leadership, and our allies "no longer understand us, no longer have faith in us or believe our leaders."

Ike Wins By Landslide

A nationwide presidential preference poll of nearly 450,000 senior and junior high school students showed Eisenhower to be a landslide winner. Stevenson topped Kefauver on the Democratic side of the same poll, conducted by Wesleyan University.

A GOP campaign document outlined efforts to win Republican support from labor. It denied Democratic charges that administration policies favor big business over the working man.

It cited Department of Commerce statistics which it said showed that "labor's share of the national income has been greater under the Republicans and corporate profits and dividends were greater under the Democrats."

A Republican congressman, Rep. Taylor of New York, said he thinks Eisenhower may ask former Gov. Thomas E. Dewey of New York to seek the Senate seat now held by Sen. Lehman (D-NY). Dewey has said he intends to remain in private life.

HARRISBURG (AP) — Jean Grimm, Harrisburg, has been elected chairman of the Pennsylvania Council of the United Christian Youth Movement.

Other officers elected and installed over the weekend were:

Jay Coble, Hershey, vice chairman; Lorraine Kindig, Conestoga R. 1, secretary; John Van Horn, Pulaski, treasurer, and these heads of commissions:

Stanley Murphy, Rheems, faith; Don Pankake, Grantville, citizenship; Daryl Clemens, Lewistown, outreach; Don Knaub, Elizabethtown, fellowship, and Karen Narbut, Belle Vernon, witness.

"FREAK" WIND

(Continued from Page 1)

storm lasted, he estimated, "only four or five minutes."

At the farm of Harry Maring, a cousin of Clarence and Herman, a 20 by 30-foot machine shed was knocked down. The machinery was not damaged. A great deal of slate was blown from the roof of the Harry Maring house.

At the farm of John Maring, a brother of Harry Maring, the storm moved a 20 by 20-foot garage a foot but was not damaged. The wind ripped gates from Maring's fences and sent cattle scurrying.

The wind took the aluminum roof off a 90 by 50-foot cement block chicken house at the farm of Grover Yingling, across the road from the Clarence Maring place. The roof was hurled into a field. Part of the house roof was blown off, attic windows were blown in and a steel chair on the lawn was hurled 400 feet into a field.

Damage was reported at the farm of Albert Ferner, within the mile area, but details were lacking as to its exact nature.

SUES FOR DIVORCE

John D. Parr, Gardners R. 1, has filed suit for divorce from Betty J. Parr, Gardners R. 2, in Carlisle. The couple was married April 14, 1951, in Hagerstown. Indignities were charged.

Attorneys

(Continued from Page 1)

he said he had no gun permit. He told of going to Justice of the Peace Roger Myers, in Fairfield, for advice and said he was told there that there was nothing he could do about the threats, that they had to wait until Mainer did somehing for which he could be arrested.

Threatened By Mainer

On the night of the shooting, Gingell said he attended a spring musical at Fairfield High School and had taken two members of his family home. He needed cigarettes, he said, and started for Emmitsburg to get them and "got sidetracked to the Tract Inn." He was unarmed and did not know Mainer was going to be there. Gingell said he had four drinks from 10 o'clock on.

When Mainer arrived later and saw Gingell, the witness testified Mainer said: "There's the . . . that had me arrested" and made threats against Gingell, his wife and daughters. "I knew he was spoiling for trouble," Gingell said and that he left the bar for the dining room but Mainer started ahead and said: "I want to see you outside." Gingell said he was "scared to death" and went to the kitchen and stayed there and in the storage room while Mainer continued swearing and making threats, motioning for Gingell to come out. "He told me he'd beat my brains out and that I'd not get home that night," Gingell testified. "I knew it was no use to call the police because I didn't have any warrant."

Fire Two Shots

He told of Mainer coming to the back door, cursing and repeating threats. "I was afraid he was going to come in and there was the gun above the door and I reached up and got it and loaded it and went outside." He then repeated the story he had given police of Mainer's cursing and threats, his warning to Mainer not to come close or there would be trouble, of firing a shot in the air, of Mainer's return shortly to the door with more curses and threats.

"Then things got quiet for a little while and I loaded the gun and went out to go to my car. I stood there a few seconds and as I started around the building toward my car Mainer started cursing me again from the direction of his car. When Mainer advanced, I warned him to stay back. He threatened me and my family and started toward me and then I shot."

Deny Shockey Version

Gingell summed it up: "I was scared to death. He was moving and talking like a wild animal. He didn't pay any heed to my gun or anything I said to him." Several times during Gingell's account the district attorney objected that questions were "leading" and once Judge W. C. Sheey interrupted to chide defense counsel about a leading question.

Then the defense turned to new attacks on Shockey's version of the shooting. Gingell denied on the stand that he had come into the tavern kitchen afterwards and said: "Out there lays the . . . , I just killed him" and he denied having seen Shockey outside the inn; he denied too that Shockey had called to him just before he shot, "Don't shoot, George;" and he denied Shockey's statement that before he shot he had warned Mainer he was coming after him. Gingell also denied he was "calm" after the shooting. "I may have looked it but I wasn't," he said.

On cross-examination Gingell said none of Mainer's threats had been made to his face before the night of the shooting, although he had been told of Mainer's threats from the time he had Mainer arrested for beating Mrs. Hoffman. "I felt my sister needed protection from him and from herself," Gingell testified.

Denies Making Threat

Gingell denied, under questioning by District Attorney Teeter, that in the Blue Duck, at Emmitsburg, early in February he had announced to an acquaintance that he was "going to get Mainer that day." Gingell admitted that the day in question was the one on which he carried a gun. He also denied today asking Emmert McCleaf that day at the Blue Duck to go with him to "get" Mainer.

Gingell said his only statement to McCleaf was that "If Mainer's looking for me, I'm prepared for him." He explained that he knew he "couldn't handle Mainer any other way."

The witness told the District Attorney that when he saw Mainer at the Tract Inn the night of the shooting "it came to my mind he was there looking for me."

Contradicts Shockey

Asked by Mr. Teeter why he had not left the Tract Inn when he saw Mainer and before trouble began, Gingell said he returned to the bar because he "had a drink to finish and wanted to talk further with Mrs. Sweeney."

An important defense witness this morning was Dan W. Pittinger, Emmitsburg Rd., dairy truck driver, who said he was sitting outside the inn in his car with the headlights turned on Mainer's car and with his motor and radio running waiting for a friend.

Pittinger's story contradicts Shockey in a number of points. Pittinger said he noticed Mainer get into his car briefly, get out, walk around the rear of the car, stagger toward the inn with his hands over his face and fall on the ground. Pittinger did not know he had been shot.

Did Not See Shockey

Pittinger said he did not see Shockey outside the inn until 20 minutes later; did not see anyone go to Mainer's car as Shockey said last week he had done and did not see Shockey come out of the building just before the shooting. Pittinger admitted having three beers and a whiskey during the evening at two taverns.

First witness today was Bernard Ott Sr., Emmitsburg, daytime bartender at the Tract Inn, who told of having seen Shockey, Mainer and the two young girls who were in court Saturday at the Tract Inn on a summer morning last July. The girls had cokes and the men beer, he recalled.

The defense may be completed late today or Tuesday morning. Rebuttal witnesses can then be called and final summations will be made by the opposing counsel and the court will charge the jury. Opinion in the court house was to the effect that the case may reach the jury for a verdict late Tuesday or early Wednesday.

Sowell Stars In 1956 Penn Relays

PHILADELPHIA (AP)—With each passing week, lithe Arnie Sowell of Pitt improves and by Olympic time he should have his 800-meter opposition scared half out of its wits.

Sowell drew most of the accolades in the Penn Relays whch wound up Saturday with nine While Villanova and Oxford were getting the rave notices by winning the major share of the big titles in the 62nd edition of the big carnival (run in perfect weather for a change), Sowell ran on three Pitt teams, anchoring two of the hopeless causes and handling the baton on the third leg of the other. He ran the three-quarters in 2:58.7 the fastest in the history of the event, as third man on the distance medley team.

In the sprint medley relay, he ran a 1:51.4 half, good for a second behind Villanova, anchored by Ron Delany, and in the mile he ripped off a 46.9 quarter. No matter how you look at it, his two-day performance bordered on the sensational.

Three Vehicles Are Involved In Crash

Two cars and a tractor-trailer hauling a bulldozer were damaged early Friday night on the Mt. Holly Pike two miles south of Carlisle. Police said the drivers of the cars were George E. McNew Jr., 26, Gardners R. 1; Mrs. Jennie Shughart, 28, Gardners R. 2, and the tractor was driven by Leroy Darr, 29, Dillsburg. All three vehicles were traveling south.

Police said McNew had overtaken and passed the Shughart car and then crashed into the rear of the tractor-trailer, which was moving slowly up a grade. A door was knocked off the McNew car. Mrs. Shughart, in attempting to avoid hitting the door, lost control and her car ran off the road.

Mrs. Shughart's daughter, Beverly, aged one, suffered a contusion of the head and was treated by her family physician.

Police estimated the damage to McNew's car at $1,000, while the damage to Mrs. Shughart's car was placed at $50. Damage to the trailer, owned by the Dillsburg Construction Co., was estimated at $20.

Police filed charges against McNew and Darr before Justice of the Peace Paul L. Warren, Boiling Springs, McNew was charged with reckless driving and Darr for not having the tractor-trailer properly lighted.

RICHARD NIXON WILL BE TARGET OF DEMOCRATS

By THE ASSOCIATED PRESS

The political record of Vice President Nixon will be a prime Democratic target in the 1956 presidential campaign, Democratic National Chairman Paul M. Butler said last night.

Butler, in a television appearance, said Democrats also would attack what he called the "failure and fumbling" of the Eisenhower administration, which he accused of "trying to take credit for everything."

On the other hand, Sen. Dirksen (R-Ill) in another TV appearance declared that Nixon's decision to run again "assures a Republican victory all over the country."

Butler said voters will consider that in voting for Eisenhower this time they would be "taking the risk and possibility" of putting Nixon in the White House.

Accused Of Attack

Nixon's campaign technique, Butler said, not only "demeans but debauches the whole American system." He accused Nixon of "impugning the patriotism" of former President Harry Truman, among other things.

Butler also denied he prefers Adlai Stevenson over Sen. Estes Kefauver as the Democratic presidential candidate. As party chairman he said he wants only to get a candidate chosen and elected.

Kefauver said, meanwhile, he expects to be the Democratic nominee. "All the reports that I received from Florida and California . . . show that we are on the upgrade," he told a rally of District of Columbia supporters.

Residents of the District will choose six-vote slates of national convention delegates Tuesday. Both Kefauver and Stevenson have a Democratic slate of delegates entered.

Five Day Tour

The Tennessean flew to Tallahassee, Fla., to begin a five-day swing through northwest Florida ahead of the May 29 primary, in which he clashes directly with Stevenson. The two also collide in the California primary June 5.

Stevenson, meanwhile, flew into Oregon for three days of campaigning for write-in votes in that state's May 18 presidential primary. Neither Stevenson nor Kefauver is on the Democratic ballot but both seek write-in votes.

At a press conference, the 1952 Democratic candidate said he feels he is making good progress in his battle with Kefauver for the nomination.

In other weekend developments:

Gov. Averell Harriman of New York, who describes himself as "an inactive candidate" for the Democratic presidential nomination, called for a new American program of foreign aid to offset Soviet maneuvers. He said U.S. prestige has slumped under GOP leadership, and our allies "no longer understand us, no longer have faith in us or believe our leaders."

Ike Wins By Landslide

A nationwide presidential preference poll of nearly 450,000 senior and junior high school students showed Eisenhower to be a landslide winner. Stevenson topped Kefauver on the Democratic side of the same poll, conducted by Wesleyan University.

A GOP campaign document outlined efforts to win Republican support from labor. It denied Democratic charges that administration policies favor big business over the working man.

It cited Department of Commerce statistics which it said showed that "labor's share of the national income has been greater under the Republicans and corporate profits and dividends were greater under the Democrats."

A Republican congressman, Rep. Taylor of New York, said he thinks Eisenhower may ask former Gov. Thomas E. Dewey of New York to seek the Senate seat now held by Sen. Lehman (D-NY). Dewey has said he intends to remain in private life.

HARRISBURG (AP) — Jean Grimm, Harrisburg, has been elected chairman of the Pennsylvania Council of the United Christian Youth Movement.

Other officers elected and installed over the weekend were: Jay Coble, Hershey, vice chairman; Lorraine Kindig, Conestoga R. 1, secretary; John Van Horn, Pulaski, treasurer, and these heads of commissions:

Stanley Murphy, Rheems, faith; Don Pankake, Grantville, citizenship; Daryl Clemens, Lewistown, outreach; Don Knaub, Elizabethtown, fellowship, and Karen Narbut, Belle Vernon, witness.

"FREAK" WIND

(Continued from Page 1)

storm lasted, he estimated, "only four or five minutes."

At the farm of Harry Maring, a cousin of Clarence and Herman, a 20 by 30-foot machine shed was knocked down. The machinery was not damaged. A great deal of slate was blown from the roof of the Harry Maring house.

At the farm of John Maring, a brother of Harry Maring, the storm moved a 20 by 20-foot garage a foot but was not damaged. The wind ripped gates from Maring's fences and sent cattle scurrying.

The wind took the aluminum roof off a 90 by 50-foot cement block chicken house at the farm of Grover Yingling, across the road from the Clarence Maring place. The roof was hurled into a field. Part of the house roof was blown off, attic windows were blown in and a steel chair on the lawn was hurled 400 feet into a field.

Damage was reported at the farm of Albert Ferner, within the mile area, but details were lacking as to its exact nature.

John D. Parr, Gardners R. 1, has filed suit for divorce from Betty J. Parr, Gardners R. 2, in Carlisle. The couple was married April 14, 1951, in Hagerstown. Indignities were charged.

Attorneys

(Continued from Page 1)

he said he had no gun permit. He told of going to Justice of the Peace Roger Myers, in Fairfield, for advice and said he was told there that there was nothing he could do about the threats, that they had to wait until Mainer did somehing for which he could be arrested.

Threatened By Mainer

On the night of the shooting, Gingell said he attended a spring musical at Fairfield High School and had taken two members of his family home. He needed cigarettes, he said, and started for Emmitsburg to get them and "got sidetracked to the Tract Inn." He was unarmed and did not know Mainer was going to be there. Gingell said he had four drinks from 10 o'clock on.

When Mainer arrived later and saw Gingell, the witness testified Mainer said: "There's the . . . that had me arrested" and made threats against Gingell, his wife and daughters. "I knew he was spoiling for trouble," Gingell said and that he left the bar for the dining room but Mainer started ahead and said: "I want to see you outside." Gingell said he was "scared to death" and went to the kitchen and stayed there and in the storage room while Mainer continued swearing and making threats, motioning for Gingell to come out. "He told me he'd beat my brains out and that I'd not get home that night," Gingell testified. "I knew it was no use to call the police because I didn't have any warrant."

Fire Two Shots

He told of Mainer coming to the back door, cursing and repeating threats. "I was afraid he was going to come in and there was the gun above the door and I reached up and got it and loaded it and went outside." He then repeated the story he had given police of Mainer's cursing and threats, his warning to Mainer not to come close or there would be trouble, of firing a shot in the air, of Mainer's return shortly to the door with more curses and threats.

"Then things got quiet for a little while and I loaded the gun and went out to go to my car. I stood there a few seconds and as I started around the building toward my car Mainer started cursing me again from the direction of his car. When Mainer advanced, I warned him to stay back. He threatened me and my family and started toward me and then I shot."

Deny Shockey Version

Gingell summed it up: "I was scared to death. He was moving and talking like a wild animal. He didn't pay any heed to my gun or anything I said to him." Several times during Gingell's account the district attorney objected that questions were "leading" and once Judge W. C. Sheey interrupted to chide defense counsel about a leading question.

Then the defense turned to new attacks on Shockey's version of the shooting. Gingell denied on the stand that he had come into the tavern kitchen afterwards and said: "Out there lays the . . . , I just killed him" and he denied having seen Shockey outside the inn; he denied too that Shockey had called to him just before he shot, "Don't shoot, George;" and he denied Shockey's statement that before he shot he had warned Mainer he was coming after him. Gingell also denied he was "calm" after the shooting. "I may have looked it but I wasn't," he said.

On cross-examination Gingell said none of Mainer's threats had been made to his face before the night of the shooting, although he had been told of Mainer's threats from the time he had Mainer arrested for beating Mrs. Hoffman. "I felt my sister needed protection from him and from herself," Gingell testified.

Denies Making Threat

Gingell denied, under questioning by District Attorney Teeter, that in the Blue Duck, at Emmitsburg, early in February he had announced to an acquaintance that he was "going to get Mainer that day." Gingell admitted that the day in question was the one on which he carried a gun. He also denied today asking Emmert McCleaf that day at the Blue Duck to go with him to "get" Mainer.

Gingell said his only statement to McCleaf was that "If Mainer's looking for me, I'm prepared for him." He explained that he knew he "couldn't handle Mainer any other way."

The witness told the District Attorney that when he saw Mainer at the Tract Inn the night of the shooting "it came to my mind he was there looking for me."

Contradicts Shockey

Asked by Mr. Teeter why he had not left the Tract Inn when he saw Mainer and before trouble began, Gingell said he returned to the bar because he "had a drink to finish and wanted to talk further with Mrs. Sweeney."

An important defense witness this morning was Dan W. Pittinger, Emmitsburg Rd., dairy truck driver, who said he was sitting outside the inn in his car with the headlights turned on Mainer's car and with his motor and radio running waiting for a friend.

Pittinger's story contradicts Shockey in a number of points. Pittinger said he noticed Mainer get into his car briefly, get out, walk around the rear of the car, stagger toward the inn with his hands over his face and fall on the ground. Pittinger did not know he had been shot.

Did Not See Shockey

Pittinger said he did not see Shockey outside the inn until 20 minutes later; did not see anyone go to Mainer's car as Shockey said last week he had done and did not see Shockey come out of the building just before the shooting. Pittinger admitted having three beers and a whiskey during the evening at two taverns.

First witness today was Bernard Ott Sr., Emmitsburg, daytime bartender at the Tract Inn, who told of having seen Shockey, Mainer and the two young girls who were in court Saturday at the Tract Inn on a summer morning last July. The girls had cokes and the men beer, he recalled.

The defense may be completed late today or Tuesday morning. Rebuttal witnesses can then be called and final summations will be made by the opposing counsel and the court will charge the jury. Opinion in the court house was to the effect that the case may reach the jury for a verdict late Tuesday or early Wednesday.

Sowell Stars In 1956 Penn Relays

PHILADELPHIA (AP)—With each passing week, lithe Arnie Sowell of Pitt improves and by Olympic time he should have his 800-meter opposition scared half out of its wits.

Sowell drew most of the accolades in the Penn Relays whch wound up Saturday with nine While Villanova and Oxford were gettng the rave notices by winning the major share of the big titles in the 62nd edition of the big carnival (run in perfect weather for a change), Sowell ran on three Pitt teams, anchoring two of the hopeless causes and handling the baton on the third leg of the other. He ran the three-quarters in 2:58.7 the fastest in the history of the event, as third man on the distance medley team.

In the sprint medley relay, he ran a 1:51.4 half, good for a second behind Villanova, anchored by Ron Delany, and in the mile he ripped off a 46.9 quarter. No matter how you look at it, his two-day performance bordered on the sensational.

Looting From Three Stores Totals $250

A group of touring school children stole approximately $250 worth of merchandise from counters of the Gift Box, Murphy's and Grant's stores Friday, according to the borough police report today.

Originally the owner of the Gift Box had reported to police that about $50 worth of merchandise had been stolen from that store, but a "shake down" by school officials from Tyrone, to whom she first reported the thefts, brought a return of about $25 worth of articles, many of which were from Grant's and Murphy's. Police and store officials Saturday made a thorough check and found that in addition to the articles returned the Gift Box suffered a $125 loss, and Grant's and Murphy's, $50 each. School officials had asked to be notified of the exact loss and promised that the class make restitution.

Warm Weather Brings Out Flower Blossoms

Nice warm "summer" weather that pushed the thermometer to an official 86 on Saturday and 84 on Sunday brought with it an appearance of spring as leaves appeared on trees and grass started greening.

The warm weather also brought out Judas blossoms and some dogwood on the battlefied and many fruit blossoms in the orchards. Indications were that, if the warm weather continues, the Judas tree, dogwood and the fruit orchards should all be at the peak of their beauty over the next weekend.

Posts $500 Bail For Hit-And-Run Hearing

State police, who filed the information, said Irvin's car was involved in a sideswiping accident less than a mile east of here on the Hanover Rd.

Lawrence F. Myers, 46, McSherrystown, was driving toward Gettysburg when, according to police, Irvin, east bound, collided with Myers' car and then continued on toward Hanover. Police called Hanover where officers apprehended Irvin a short time later.

Damage was estimated at $185 to Irvin's car and $275 to Myers'. No one was injured.

Bellowing Bovines Bring Police Action

The borough police blotter shows that Saturday night at 10:30 o'clock they received a call from a resident of 17 N. Washington St. complaining that a truckload of cattle had been parked near the Greyhound station and that the beasts were making the night miserable with their doleful wailings.

Police found the driver had retired at the James Gettys Hotel. They roused him, directed him to park the truck on the Essex Wire lot where the bellowing bovines could not distract the sleeping public, then returned the driver to the hotel to continue his sleep.

Today's Talk

LIVE TO WONDER

No one can look out into the budding of the springtime without being conscious that one looks out upon a world of wonder. We ponder. We question. We challenge ignorance. We hope for understanding of all wrapped in wonder, all about us, and wherever we may be.

I understand very little that the late Albert Einstein wrote about relativity, but here is something he wrote that I do understand. He said: "The most beautiful thing we can experience is the mysterious. It is the source of all true art and science. He to whom this emotion is a stranger, who can no longer pause to wonder and stand rapt in awe, is as good as dead: his eyes are closed."

I have looked out upon a multitude of springtimes. I have walked the mossy paths of the forest, and plucked blossoms from plants and flowers that were strangers to me. I have studied the ways and habits of many an animal and bird, tree and running brook, but only to wonder anew each time — and so I will until my time is over. To wonder is to live!

I can understand the fascination and industry of the scientist and inventor. Each lives in a world apart. Each glories in discovery. Each is both student and teacher in a strange and fabulous world whose secrets mean more to each than all the wealth of Croesus. The eyes and minds of each revel in wonder!

What is the meaning to it all? Does it matter so long as we can exclaim with Michael Fairless, the immortal author of The Roadmender, "What do we ask of life, here or indeed hereafter, but leave to serve, to live, to commune with our fellowmen and with ourselves; and from the lap of earth to look up into the face of God?"

Tomorrow Mr. Adams will talk on the subject: "Heritage of All"

TRAFFIC

"Traffic Kills Five," from day to day
The large-type newspaper headlines say.
And somehow or other, it seems to me
These are tragedies that should never be.
And I wonder why motorists don't take care
While driving their cars on some thoroughfare.

They are proud of the power in that strong machine,
They will work on the car to keep it clean,
They'll polish the body and shine the glass,
But they won't slow down when a truck they'd pass.
They will drive full speed where the children play
And they'll risk their lives for the right of way.

They will courteous be when they walk the street,
They will step aside for the old they meet,
They'll willingly help the lame and blind,
The time to be friendly they'll always find,
But they seem to change when their cars they drive,
Hence this newspaper headline:
"Traffic Kills Five."

STATE CALLS 24

(Continued from Page 1)

showed three pellets lodged in the upper, left front of Mainer's red wool jacket where there were also a number of perforations by pellets. Stains on the jacket were made by human blood, he said.

Gives Lab Report

Lt. Whitecotton was next and testified at length about the gun and the shot and lab tests made of both. He described the trigger pull on the gun Gingell used as "safe." Test firings were done with the gun at ranges from five to 40 feet but Whitecotton when shown a picture of the wounds in the dead man's chest said that gun does not fire that type of shot pattern.

"The pellet patterns on the body of the dead man were interrupted patterns," he said, "and not all of the shot hit the man." There had been testimony about shot marks on the hood and front post and door of the car and other testimony holding that some of Mainer's wounds had been inflicted by deflected shot.

Microscopic tests showed the discharged shells found by Brady at the scene had been fired from the gun Gingell had used, the officer said. The shot were No. 5 size shotgun pellets and the shells .410 gauge.

Last state's witness called was Harper Hiner, Fairfield garageman. He took the stand but did not testify when counsel agreed to a stipulation of facts on his custody of the Mainer car from the day of the shooting.

Hail, Tornado Warning, High Winds, Sunshine Sweep State

By THE ASSOCIATED PRESS

High winds, severe thunderstorms, a tornado warning, hail, unusually high temperatures—and even sunshine, formed an unusual weather pattern across Pennsylvania Sunday.

The Weather Bureau said there would be less variety today but western Pennsylvania was expected to experience unseasonably cold temperatures, winds were expected to be higher than normal across the state and some showers were forecast for central and western areas.

Bearing the strongest blows of yesterday's wind storms was the Scranton-Wilkes-Barre area.

Scranton lost its electrical power for more than an hour last night and intense rains caused sewers to back up as much as four or five feet in the commonwealth's fourth largest city.

The power loss — putting all four television stations in the area off the air for an hour an a half—was believed to have been caused by a lightning bolt that hit one of the main transformers of the Pennsylvania Power and Light Co.'s Scranton affiliate.

Steeple Set Afire

The steeple of the Brick Methodist Church in nearby Duryea was set on fire by lightning shortly after evening services were started. The blaze was quickly extinguished and no one was hurt. A policeman said two thunderstorms approached the mountainside community and "seemed to center right over town."

Wilkes-Barre also experienced power losses that forced the use of emergency electrical systems in hospitals there and in Pittston.

The downpour caused a washout of Rt. 92 at Ransom and Harvey's Lake, a summer resort, was cut off from its main approach by a landslide at Ivytown. Rain cut visibility so sharply that motor traffic was brought to a near standstill.

Wilkes-Barre Twp. was hit briefly by winds that left as suddenly as they had appeared. Roofs of three homes were severely damaged, TV antennae twisted, several shacks overturned and the marquee and concession stand at the Wilkes-Barre drive-in theater were destroyed.

"Freakish Blast"

The theater had been hit by another freakish blast Saturday night. That overturned the huge outdoor screen.

The heavy rains, totalling .6 of an inch in half an hour, flooded underground transformers at Coughlin High School in Wilkes-Barre, cutting all power in the school.

Before the rains came, temperatures ranged far above normal, as high as 85 at Middletown and 84 in Philadelphia.

Erie was the coolest spot in the state with a high reading of 65 degrees. But Erie and surrounding areas were put on a tornado alert—although nothing other unusually high winds materialized.

The highest recorded wind velocity—those at Wilkes-Barre were not registered—was at Williamsport and Brookville, 52 miles an hour.

Avoca had the most rain, .62 of an inch and Altoona had moderate rain last night and was also pelted briefly but heavily by hail.

Philadelphia, which had warm, sunny and humid weather until late Sunday, experienced the year's heaviest flow of shorebound traffic over the weekend.

while he and his wife were at church.

Asked last night if the safe held as much as $95,000 in cash, Denny replied:

"I think it did. I'm not sure."

He said the total amount of cash "might be" over $100,000 but not as much as $200,000.

Regrets Carelessness

"I hadn't counted it for some time," he said. "I guess we should have taken better care of that money."

When Cook went to Houston police last Thursday he said that he had received a tip that a job as "big as the Brink's holdup" had been staged here. He said he was given the name of Hamlett and an automobile license number.

Cook said he saw a chance for his "big story" and talked Parks into helping him.

Cook said he and Parks went to the homes of Hamlett and Hicks, an automobile dealer who was Hamlett's employer, posing as police officers. He said he and Parks roughed up the pair in order to find out where Hamlett had hidden the money.

Safe Is Found

Police said they do not know what will happen to the charges against Cook and Parks.

Houston Police Lt. A. C. Martindale said "Hicks strictly had nothing to do with this robbery."

Verification of Cook's story began to develop Saturday when the safe stolen from Denny's home was found west of here.

Houston police picked up Hamlett Saturday night. They said that after four hours of questioning Hamlett admitted he participated in the Denny robbery and named Marley as his accomplice.

ST. LOUIS (AP)—William F. Power, 19, finished taking a bath and pulled the plug. Out of the drain popped a snake.

"It scared the daylights out of me," he said. "I was just paralyzed."

Before he could scramble out of the tub, the snake bit him on the big toe of his right foot. He suffered no ill effects. The snake was a nonvenomous type.

Power caught it and is keeping it in a goldfish bowl.

day afternoon, prior to opening day, Professor Weidner called me to his office. He asked me how I felt; allowed as how I had been working unusually hard on school and extra-curricular activities; and averred that it might be well if I took a long weekend of rest and relaxation to better equip me for my responsibilities the following Monday. As he talked with a very somber face but with that twinkle in his eye, my feeling of good health began to fade, and I was scarcely able to drag myself out of the office.

* * *

By daylight next morning I had been restored to the point that along with two adult companions and a bird dog, I was hunting quail in one corner of the extensive farm of Mr. Raisch at nearby Bluebell. We could hear rabbit hounds crying trails some distance away at another end of the farm. At noontime, we went to the Raisch home where Mrs. Raisch customarily set out grape juice and cookies for those who had the privilege of hunting over this property. As I went into the living room there sat Professor Weidner and his gunning companion, Professor Rieber. I was overwhelmed with guilt and confusion at thus being caught in the midst of my sins. The Professor wished me a "Good day" and blandly winked an eye.

Belatedly I wish him "Happy Birthday" and many more years of happiness.

Report 11 Are Killed When Revolt In Cuba Is Foiled

By GEORGE KAUFMAN

HAVANA, Cuba (AP)—Cuba's Cabinet today ordered a 45-day freeze on constitutional guarantees after 70 civilian rebels attacked an army base 60 miles east of Havana in an apparent bid to take over the country.

The government of President Fulgencio Batista said the revolt at the Domingo Goicuria army base, just outside Matanzas, had been crushed swiftly with 11 rebels killed and a number wounded. It said only three Cuban soldiers were wounded.

The army announced that former President Carlos Prio Socarras, who has been repeatedly charged with plotting against the government, had been arrested with a number of his friends.

General Is Arrested

Gen. Francisco Tabernilla, army chief of staff, said Prio Socarras, who was ousted by Batista in a bloodless revolt in March 1952, had been taken into custody "to protect the personal safety of the former president."

When word of the revolt reached Havana, Batista reportedly left the capital to take personal command of the army.

The government communique said all police, army and navy leaves had been canceled and all members of the armed forces ordered to quarters.

The Cabinet's move to suspend guarantees went into immediate effect. The action must be confirmed by Congress, but approval appeared certain.

The suspended guarantees are freedom of assembly, inviolability of mail and freedom of speech and of the press. There was no indication, however, that the government intended to put on censorship.

Face Long Detention

Under the decree, the government also is empowered to hold arrested persons incommunicado as long as it desires.

A government account of the revolt said the rebels, "heavily armed with machine guns, rifles, carbines and grenades," tried to seize the Domingo Goicuria base.

Gen. Pilar Garcia, military commander at Matanzas, reported the battle was over in three hours, except for the mopup.

"The attackers were exterminated at the side of their machine guns," he said.

Garcia said the raiders, wearing blue shirts and gray pants similar to army uniforms, rode up to the base in six trucks stolen from a mining concern. Guards opened fire when they tried to break in. Garcia said none of the raiders got into the base.

"Conspiracy Leader" Nabbed

Among the rebels slain was Reinol Garcia, whom police had listed as a "conspiracy leader." Informants have linked him with groups loyal to Prior Socarras.

Reliable informants said Fidel Castro, who led an abortive uprising in July 1953, may have headed the revolt.

Castro—considered a lieutenant of Prio Socarras—was sentenced to 12 years in prison for his 1953 attack on the army barracks at Santiago de Cuba. He was pardoned last year in a general amnesty and left for Mexico. But there had been reports he had slipped back into Cuba.

Prior Socarras, who only recently returned from exile in the United States, has been accused repeatedly of conspiracy. He has denied all the charges.

India has brought 17 million acres of land under irrigation in the last five years.

YANK OLYMPIC TEAM HAS EYES ON MELBOURNE

UNIVERSITY PARK, Pa. (AP) — The United States' Olympic gymnastics squad, the first featuring brothers and the second to be coached by Penn State's Gene Wettstone, set its sights today on the 1956 Melbourne games.

Wettstone, who coached the Olympic gymnastics team in 1948 when Finland won, was named manager and coach of this year's squad yesterday after directing his third straight AAU championships-final Olympic tryouts.

Jack Beckner, 25, University of Southern California graduate student, won an easy first place among the more than 30 entries in the all-around scoring used to pick the six-man team. He finished no lower than eighth in the six qualifying events and received 105.9 points out of a possible 120.

His brother, Dick, 28, a Los Angeles school teacher, finished third with 102.35. Karl Schwenzfeier, 23, of Philadelphia, an Air Force lieutenant and Penn State graduate, finished second with 102.4.

Three Other Spots

The other three spots went to Abie Grossfeld, 22, University of Illinois freshman from New York City, Joseph Kotys, 30, a Kent State University (Ohio) senior from Cleveland, and Armando Vegas, 20-year-old Penn State sophomore from Los Angeles.

In the women's field, Mrs. Sandra Ruddick, Indianapolis, finished far ahead despite a wrenched left shoulder. Mrs. Ruddick, 23, has been training only three months since the birth of her 5½-month-old daughter.

The women's squad includes a 15½-year-old girl, Muriel Davis, also of Indianapolis. She finished sixth in the women's all-around. Minimum age for competitors is 15.

Other members of the women's team include Joyce Racek, 17, Chicago; Mrs. Judge Holt Howe, 20, Rochester, Pa., Doris Fuchs, 17, Rochester, N.Y., and Jackie Klein, 18, Chicago.

Mrs. Erna Wachtel of Chicago will coach and manage the women's team.

MANY CLAIM HEAVYWEIGHT BOXING TITLE

By JACK HAND

NEW YORK (AP) — Wanted —a heavyweight champion of the world.

The retirement of Rocky Marciano, unbeaten in 49 pro fights, leaves boxing's "golden" division in a state of wild confusion. Everybody wants to get into the act.

Before Marciano had confirmed his wife's announcement from Brockton, Mass of his decision to quit, Archie Moore, the light heavyweight champ, had claimed the title through Charlie Johnston, his manager. Floyd Patterson, through his manager Cus D'Amato also filed a claim.

Jim Norris, president of the International Boxing Club, started to talk of Moore, Hurricane Jackson, Patterson and "six or seven others including Bob Baker, Nino Valdes and Johnny Holman."

The IBC plans an elimination tournament, starting with a Baker-Holman pairing in 12 rounds at Miami Beach, May 9, which would include all the ranking fighters.

Champ Feels Good

"I will go to the New York State Athletic Commission, the European Boxing Union and the National Boxing Assn. to see if they will recognize the winner of the tournament that we, or any other promoter run."

Norris said he was trying to make a Patterson-Jackson match but it was "nowhere near closed."

Marciano goes home to Brockton to spend more time with his wife, Barbara, and 3½-year-old daughter, Mary Anne. "Actually I feel good," he said. "I weigh about 212, 23 pounds over my fighting weight, and I still have some good fights left in me. But I think I would be taking advantage of my family if I tried to fight any more."

Marciano's purses for 49 fights in which only six opponents have gone the route, runs to about $1,700,000 including manager's cut and tax.

GOOD HURLING FAILS TO SNARE WIN FOR SCORE

DETROIT (AP) — Young Herb Score called it the best game he ever pitched in the major leagues, but in the record books it'll go down as his second loss of the young baseball season.

The fireballing Cleveland southpaw, just beginning his second season and already ranked as one of the game's finest pitchers, lost his second low-hit effort yesterday when Bill Tuttle smashed a two-out 10th-inning home run for a 1-0 Detroit victory. Score has one win.

It was only the third hit off the talented 22 - year - old left-hander, who struck out 13 and walked but four. The Indians got nine singles off Billy Hoeft.

Just 10 days ago, Score permitted Chicago only two hits but lost 1-0 when the White Sox scored a run on two walks, a passed ball and a sacrifice fly.

"I can't blame anyone but myself," said Score, who led the major leagues in strikeouts last year with 245.

Tribe Wins Second

"I put the ball right down the middle. I should have pitched him lower."

Score was in the clubhouse relaxing with a book while his teammates were out winning the second game 8-4.

"Those guys were trying just as hard to hit out there for me as they are now," he remarked. "But that's the way it happens sometimes."

Score has allowed only four runs and 10 hits in 27 innings, but has only a 5-2 win over Kansas City to show for it. Asked how he felt about his "bad luck" so far, Herb replied:

"Naturally I feel bad about it but I can't complain. No one feels like celebrating after losing but the Good Lord has been good to me and I consider myself to be pretty lucky to be up here in the majors."

DERBY WIN FOR NEEDLES MEANS SPECIAL NICHE

By FRANK ECK
AP Sports Editor

Any horse winning the Kentucky Derby makes history but if Needles sticks his nose across the finish line first at Churchill Downs on Saturday he will gain a special niche in horsedom.

The late-charging son of Ponder could become the second colt to follow in the hoof prints of his father and grandfather.

You see, Needles was sired by Ponder, winner of the 1949 Derby. And Ponder was sired by Pensive, winner of the 1944 Derby. Therefore Ponder is his daddy and Pensive is his granddaddy.

Lone Record Holder

Reigh Count is the only colt to win the Run for the Roses and go on to sire a Derby winner who in turn sired a winner at Louisville.

Reigh Count won the 1928 race by three lengths. His son, Count Fleet, took the 1943 Derby by three and then in 1951, Reigh Count's grandson, Count Turf, came off with a stirring four-length triumph.

When Ponder won in 1949 he was away slowly from post position two. He started last in a field of 14. He was third at the top of the stretch and won by three lengths at 16 to 1 under Steve Brooks. Needles runs about the same way as Ponder runs.

When Pensive won he started fourth from stall four but was 13th at the half-mile pole in a 16-horse field. He came into the stretch third and won going away by 4½ lengths at 7 to 1 under Conn McCreary. Needles runs much the same way as his grand sire.

Pre-Derby Favorite

There's only one difference this time. Needles will be no 16 to 1, or even 7 to 1. After he won the Flamingo Stakes and the Florida Derby he was an 8 to 5 pre-Derby favorite.

Then when C. V. Whitney's Career Boy scored at Jamaica in his second 1956 start, Needles was upped to 2 to 1 in the pre-Derby odds and Career Boy assumed the contender spot at 4 to 1.

Needles definitely has Career Boy to beat, almost everyone agrees. Career Boy's sire was Phalanx, who just missed winning the 1947 Derby, won by the front-running Jet Pilot. Phalanx was the 2 to 1 favorite in that race and had Eddie Arcaro in the saddle. Phalanx was away sluggishly. His son, Career Boy, runs much the same way.

So while they appear to have each other to worry about they also have the prospects of avoiding trouble in overcoming a big field. The Derby is one mile and a quarter and it would be stirring to see two late-footed horses making their move together.

GENE LITTLER WINS TOURNEY OF CHAMPIONS

LAS VEGAS, Nev. (AP) — The fourth annual Tournament of Champions is a matter of record today and once again the champion of the champions is Gene Littler and his hot putter.

Littler, winner last year, went into the final round with a 5-stroke bulge over Cary Middlecoff. At the windup Gene's 71 for 281 was 4 strokes in front of Middlecoff's 70 for 285.

The final duel over the sun-baked Desert Inn Country Club course was a rousing one in the early stages, when Middlecoff pulled up to only 2 strokes behind Littler on the seventh hole.

But Littler's putter made up for his tee-to-green game. A 19-foot pressure putt for a par on the ninth, and much of the same type of play in the run for home, won the tournament.

Out of he $38,500 purse, Liler colleced $10,000.

Frankie Laine Wins

Singer Frankie Laine cashed in, too, for the second straight year. He bought Littler in the legal auction in midweek. He paid $16,500 and then, as last year, sold third shares to two friends, Don Frankel of Los Angeles and Chauncey Needham of San Francisco.

Their share from the total auction pool of $192,000 was $69,120

Yesterday's featured threesome included Littler, Cary and Gardner Dickinson Jr. Dickinson was very much in line for third-place money, possibly even second, until he got into bunker trouble on the 15th hole and yielded to an enormous 8

That left the way clear for Lloyd Mangrum to slip in for third money of $2,200 with his last round 69 and 288 total. Dickinson had to settle for a tie for fifth at 290 for $1,260. With him were Dick Mayer and Doug Ford, and just ahead, with winnings of $1,400, were Al Balding, Shelley Mayfield and Ted Kroll

Wally Post Clouts 4 Homers As Redlegs Beat Cubs Twice; Pirates Take Two From Bums

By JACK HAND
The Associated Press

Attention Ted Kluszewski. If you don't get back in that Cincinnati lineup and start swinging that home run bat at a $40,000-a-year pace, Wally Post is going to be grabbing the heavy sugar.

Post, a farm boy from St. Henry, Ohio, is a vastly underrated slugger who can hit a ball as far as anybody.

They dug into the record books at Cincinnati yesterday when the 26-year-old outfielder hit four home runs as the Redlegs swept a double-header from Chicago 5-4 and 8-4. Only one man, Stan Musial of the St. Louis Cardinals on May 2, 1954, ever hit more. Stan set the record of five.

Post also hit one Saturday to make it five in three consecutive games, also one short of the major league record of six held by Tony Lazzeri, Gus Zernial and Ralph Kiner (twice).

With the help of Post's slugging, Manager Birdie Tebbetts' Redlegs finally climbed up to the .500 mark in the won-and-lost column after a sad start.

Ed Bailey and Frank Robinson joined Post's homer party and Harry Chit, Ernie Banks and Jim King hit home runs for the losing Cubs.

Brooklyn's double defeat by Pittsburgh, 10-1 and 11-3, dropped the world champions out of the National League lead. Milwaukee, idle for seven straight days, took over on a percentage basis.

Bob Friend and Nelson King, coming to the relief of Vern Law, did the job on the Dodgers, who saw Don Drysdale, their 19-year-old rookie, and sore-armed Billy Loes knocked from the box.

Two Are Injured

Jackie Robinson and Duke Snider were injured in the first game but they are not regarded as serious casualties. The thing that hurt Dodger manager Walter Alston most was the comparison between this year's 7-4 record and last year's 13-2 on the same date.

Jack Shepard, who hit two homers all last season, hit two in the first game for the Pirates. Frank Thomas and Law also homered for the winners and Robinson and Roy Campanella for the Brooks.

Ramon Monzant, 23 -year - old New York Giants right - hander, turned in one of the season's best pitched games, a one - hit 8-1 win over Philadelphia. A first-inning single by Del Ennis that drove in a run was the only hit.

The Phillies topped the Giants in the first game of the twin bill 5-4. Relief pitcher Jack Meyer won it in the 10th with his first major league home run after pinch hitter George Wilson of the Giants tied the score in the ninth. Andy Seminck had put the Phils out front in the top of the ninth.

Rain Cancels Games

Rain, wet grounds and cold postponed double-headers between St. Louis and Milwaukee and Chicago and Kansas City, and a single game between the New York Yankees and Boston.

Herb Score made the headlines the hard way, for the second time this season, by losing a 1-0 game. The Cleveland lefty struck out 13 Detroit Tigers and allowed only three hits, but one of the hits was a homer by Bill Tuttle in the 10th inning. Score had lost a 1-0 game to Chicago 10 days ago. Billy Pierce beat him then. Yesterday it was Billy Hoeft.

Vic Wertz and Al Smith each hit two homers and Hal Naragon got one to give Cleveland a split with an 8-4 victory in the second game. Bob Lemon allowed seven hits, none until Al Kaline doubled with one out in the seventh.

Baltimore beat Washington 8-6 with the help of Tito Francona's two-run pinch homer. Hal Smith and Billy Gardner also hit homers for the Orioles and Roy Sievers and Jim Lemon for the Senators. Sievers and Karl Olson also homered in the second game, won by Washington 5-4 on Dick Tettelbach's single wth the bases loaded in the ninth.

BULLET NETMEN LOSE SEVENTH

Bob Rice (G) defeated Ralph Hays, 5-7, 6-2, 6-2.

Dick Shuman (D) defeated Wayne Smith, 6-0, 6-2.

CUBAN WINS DULL BATTLE

SYRACUSE, N.Y (AP)—'Ay, ay, ay, ay.

"Senor Jim Norris.

"Friday night, Miceli, we outpointed heem, how 'bout get us Tony De Mar-rco?"

That was the tune being sung happily today by Mundito Medina, Puerto Rican song - writer who trains Isaac Logart, called by some a second Kid Gavilan.

But the opinion of most ringsiders who watched Cuba's Logart carve out a hit, cling, run, stab and clinch unanimous 10-round decision over Brooklyn's Joe Miceli in a dull fight Friday night was that Medina would sing a far different tune should his boy climb through the ropes with DeMarco, the former welterweight champion from Boston.

Logart is ranked third among the welterweights behind Carmen Basilio, also a former champ, and DeMarco.

Medina says he would like to have Logart meet either of them soon.

Logart was concerned over the loud booing of some mans over Friday night's decision. He said Miceli was "a tough guy to fight—he make you look bad."

Miceli appeared shocked at the decision. "I thought I won it easily," he commented.

The American Hockey League record for unassisted goals scored in one game is eight. The were made by the late Johnny Holota while playing for Cleveland in 1946-47.

Over 330 dogs competed, being worked on ringneck phesants. The local dogs placed in each of the three trials this spring.

Sunday's trial was supervised by the game protector of Perry County and judges were Rogert Logan, Gettysburg R. D., and Robert Strine Biglerville.

Tommy Hinnershitz Wins Reading Race

READING, Pa. (AP) — Tommy Hinnershitz, a hometown racer, won the big car feature race at Reading Fairgrounds yesterday by a good quarter-lap.

The race was halted after 12 laps because of a three-car pile-up at the infield fence and was ended at 24 of the scheduled 30 laps because of rain.

Hinnershitz finished ahead of Gene Hartley of Indianapolis, Rex Easton of Springfield, Ill., and Charley Musselman of Collegeville, Pa.

A crowd of about 10,000 saw Chuck Weyandt of Springfield flip over during the time trials. He suffered a broken right arm.

On the 12th lap, Bernie Hart of Smyrna, Del., spun into the infield fence coming into the fourth turn. His car was hit by a car driven by Jiggs Peters of North Plainfield, N. J., and Hart was hurled to the track. He was hit by Len Duncan's machine.

Hart suffered a broken right leg and multiple bruises.

Smoky Burgess hit 20 homers for Cincinnati last season and tied Ernie Lombardi's record for most homers ever hit by a Redleg catcher. Burgess also hit one home for the Phillies before he went to Cincinnati last season.

MANY CLAIM HEAVYWEIGHT BOXING TITLE

By JACK HAND

NEW YORK (AP) — Wanted —a heavyweight champion of the world.

The retirement of Rocky Marciano, unbeaten in 49 pro fights, leaves boxing's "golden" division in a state of wild confusion. Everybody wants to get into the act.

Before Marciano had confirmed his wife's announcement from Brockton, Mass of his decision to quit, Archie Moore, the light heavyweight champ, had claimed the title through Charlie Johnston, his manager. Floyd Patterson, through his manager Cus D'Amato also filed a claim.

Jim Norris, president of the International Boxing Club, started to talk of Moore, Hurricane Jackson, Patterson and "six or seven others including Bob Baker, Nino Valdes and Johnny Holman."

The IBC plans an elimination tournament, starting with a Baker-Holman pairing in 12 rounds at Miami Beach, May 9, which would include all the ranking fighters.

Champ Feels Good

"I will go to the New York State Athletic Commission, the European Boxing Union and the National Boxing Assn. to see if they will recognize the winner of the tournament that we, or any other promoter run."

Norris said he was trying to make a Patterson-Jackson match but it was "nowhere near closed."

Marciano goes home to Brockton to spend more time with his wife, Barbara, and 3½-year-old daughter, Mary Anne. "Actually I feel good," he said. "I weigh about 212, 23 pounds over my fighting weight, and I still have some good fights left in me. But I think I would be taking advantage of my family if I tried to fight any more."

Marciano's purses for 49 fights in which only six opponents have gone the route, runs to about $1,700,000 including manager's cut and tax.

GOOD HURLING FAILS TO SNARE WIN FOR SCORE

DETROIT (AP) — Young Herb Score called it the best game he ever pitched in the major leagues, but in the record books it'll go down as his second loss of the young baseball season.

The fireballing Cleveland southpaw, just beginning his second season and already ranked as one of the game's finest pitchers, lost his second low-hit effort yesterday when Bill Tuttle smashed a two-out 10th-inning home run for a 1-0 Detroit victory. Score has one win.

It was only the third hit off the talented 22 - year - old left-hander, who struck out 13 and walked but four. The Indians got nine singles off Billy Hoeft.

Just 10 days ago, Score permitted Chicago only two hits but lost 1-0 when the White Sox scored a run on two walks, a passed ball and a sacrifice fly.

"I can't blame anyone but myself," said Score, who led the major leagues in strikeouts last year with 245.

Tribe Wins Second

"I put the ball right down the middle. I should have pitched him lower."

Score was in the clubhouse relaxing with a book while his teammates were out winning the second game 8-4.

"Those guys were trying just as hard to hit out there for me as they are now," he remarked. "But that's the way it happens sometimes."

Score has allowed only four runs and 10 hits in 27 innings, but has only a 5-2 win over Kansas City to show for it. Asked how he felt about his "bad luck" so far, Herb replied:

"Naturally I feel bad about it but I can't complain. No one feels like celebrating after losing but the Good Lord has been good to me and I consider myself to be pretty lucky to be up here in the majors."

Eastern League

The Albany Senators, at the bottom of the Eastern League all last season, were out in front today.

The Senators demonstrated their new muscle-power yesterday by sweeping a doubleheader from the Binghamton Triplets 6-2 and 13-6.

The Johnstown Johnnies and the Reading Indians are tied for second, a half-game off the pace. The Johnnies dropped their first game of the season 7-2 as the visiting Allentown Redbirds exploded for five runs in the top of the 11th. The Indians pounded the Grays 11-1 at Williamsport.

At Schenectady, the Syracuse Chiefs edged the Blue Jays 2-1 behind the four-hit, 11 strikeout pitching of Dick Duffy.

Bill Singley's base running, plus eight errors on the part of Union Bridge, enabled Cashtown to squeak through to a 5-4 win at Cashtown.

Singley walked in the last of the ninth and stole second base. He then stole third and when the Union Bridge catcher threw wildly to third, raced on home with the winning tally. Cashtown secured but four hits as compared to 10 by the losers.

DERBY WIN FOR NEEDLES MEANS SPECIAL NICHE

By FRANK ECK

AP Sports Editor

Any horse winning the Kentucky Derby makes history but if Needles sticks his nose across the finish line first at Churchill Downs on Saturday he will gain a special niche in horsedom.

The late-charging son of Ponder could become the second colt to follow in the hoof prints of his father and grandfather.

You see, Needles was sired by Ponder, winner of the 1949 Derby. And Ponder was sired by Pensive, winner of the 1944 Derby. Therefore Ponder is his daddy and Pensive is his granddaddy.

Lone Record Holder

Reigh Count is the only colt to win the Run for the Roses and go on to sire a Derby winner who in turn sired a winner at Louisville.

Reigh Count won the 1928 race by three lengths. His son, Count Fleet, took the 1943 Derby by three and then in 1951, Reigh Count's grandson, Count Turf, came off with a stirring four-length triumph.

When Ponder won in 1949 he was away slowly from post position two. He started last in a field of 14. He was third at the top of the stretch and won by three lengths at 16 to 1 under Steve Brooks. Needles runs about the same way as Ponder runs.

When Pensive won he started fourth from stall four but was 13th at the half-mile pole in a 16-horse field. He came into the stretch third and won going away by 4½ lengths at 7 to 1 under Conn McCreary. Needles runs much the same way as his grand sire.

Pre-Derby Favorite

There's only one difference this time. Needles will be no 16 to 1, or even 7 to 1. After he won the Flamingo Stakes and the Florida Derby he was an 8 to 5 pre-Derby favorite.

Then when C. V. Whitney's Career Boy scored at Jamaica in his second 1956 start, Needles was upped to 2 to 1 in the pre-Derby odds and Career Boy assumed the contender spot at 4 to 1.

Needles definitely has Career Boy to beat, almost everyone agrees. Career Boy's sire was Phalanx, who just missed winning the 1947 Derby, won by the front-running Jet Pilot. Phalanx was the 2 to 1 favorite in that race and had Eddie Arcaro in the saddle. Phalanx was away sluggishly. His son, Career Boy, runs much the same way.

So while they appear to have each other to worry about they also have the prospects of avoiding trouble in overcoming a big field. The Derby is one mile and a quarter and it would be stirring to see two late-footed horses making their move together.

GENE LITTLER WINS TOURNEY OF CHAMPIONS

LAS VEGAS, Nev. (AP) — The fourth annual Tournament of Champions is a matter of record today and once again the champion of the champions is Gene Littler and his hot putter.

Littler, winner last year, went into the final round with a 5-stroke bulge over Cary Middlecoff. At the windup Gene's 71 for 281 was 4 strokes in front of Middlecoff's 70 for 285.

The final duel over the sunbaked Desert Inn Country Club course was a rousing one in the early stages, when Middlecoff pulled up to only 2 strokes behind Littler on the seventh hole.

But Littler's putter made up for his tee-to-green game. A 19-foot pressure putt for a par on the ninth, and much of the same type of play in the run for home, won the tournament.

Out of he $38,500 purse, Liler colleced $10,000.

Frankie Laine Wins

Singer Frankie Laine cashed in, too, for the second straight year. He bought Littler in the legal auction in midweek. He paid $16,500 and then, as last year, sold third shares to two friends, Don Frankel of Los Angeles and Chauncey Needham of San Francisco.

Their share from the total auction pool of $192,000 was $69,120.

Yesterday's featured threesome included Littler, Cary and Gardner Dickinson Jr. Dickinson was very much in line for third-place money, possibly even second, until he got into bunker trouble on the 15th hole and yielded to an enormous 8.

That left the way clear for Lloyd Mangrum to slip in for third money of $2,200 with his last round 69 and 288 total. Dickinson had to settle for a tie for fifth at 290 for $1,260. With him were Dick Mayer and Doug Ford, and just ahead, with winnings of $1,400, were Al Balding, Shelley Mayfield and Ted Kroll.

Wally Post Clouts 4 Homers As Redlegs Beat Cubs Twice; Pirates Take Two From Bums

By JACK HAND

The Associated Press

Attention Ted Kluszewski. If you don't get back in that Cincinnat lineup and start swingng that home run bat at a $40,000-a-year pace, Wally Post is going to be grabbing the heavy sugar.

Post, a farm boy from St. Henry, Ohio, is a vastly underrated slugger who can hit a ball as far as anybody.

They dug into the record books at Cincinnati yesterday when the 26-year-old outfielder hit four home runs as the Redlegs swept a double-header from Chicago 5-4 and 8-4. Only one man, Stan Musial of the St. Louis Cardinals on May 2, 1954, ever hit more. Stan set the record of five.

Post also hit one Saturday to make it five in three consecutive games, also one short of the major league record of six held by Tony Lazzeri, Gus Zernial and Ralph Kiner (twice).

With the help of Post's slugging, Manager Birdie Tebbetts' Redlegs finally climbed up to the .500 mark in the won-and-lost column after a sad start.

Ed Bailey and Frank Robinson joined Post's homer party and Harry Chit, Ernie Banks and Jim King hit home runs for the losing Cubs.

Brooklyn's double defeat by Pittsburgh, 10-1 and 11-3, dropped the world champions out of the National League lead. Milwaukee, idle for seven straight days, took over on a percentage basis.

Bob Friend and Nelson King, coming to the relief of Vern Law, did the job on the Dodgers, who saw Don Drysdale, their 19-year-old rookie, and sore-armed Billy Loes knocked from the box.

Two Are Injured

Jackie Robinson and Duke Snider were injured in the first game but they are not regarded as serious casualties. The thing that hurt Dodger manager Walter Alston most was the comparison between this year's 7-4 record and last year's 13-2 on the same date.

Jack Shepard, who hit two homers all last season, hit two in the first game for the Pirates. Frank Thomas and Law also homered for the winners and Robinson and Roy Campanella for the Brooks.

Ramon Monzant, 23 -year - old New York Giants right - hander, turned in one of the season's best pitched games, a one - hit 8-1 win over Philadelphia. A first-nning sngle by Del Ennis that drove in a run was the only hit.

The Phillies topped the Giants in the frst game of the twin bill 5-4. Relief pitcher Jack Meyer won it in the 10th wth his frst major league home run after pinch hitter George Wilson of the Giants tied the score in the ninth. Andy Seminck had put the Phils out front in the top of the ninth.

Rain Cancels Games

Rain, wet grounds and cold postponed double-headers between St. Louis and Milwaukee and Chicago and Kansas City, and a single game between the New York Yankees and Boston.

Herb Score made the headlines the hard way, for the second time this season, by losing a 1-0 game. The Cleveland lefty struck out 13 Detroit Tigers and allowed only three hits, but one of the hits was a homer by Bill Tuttle in the 10th inning. Score had lost a 1-0 game to Chicago 10 days ago. Billy Pierce beat him then. Yesterday it was Billy Hoeft.

Vic Wertz and Al Smth each hit two homers and Hal Naragon got one to give Cleveland a split with an 8-4 victory in the second game. Bob Lemon allowed seven hits, none until Al Kaline doubled with one out in the seventh.

Baltimore beat Washington 8-6 with the help of Tito Francona's two-run pinch homer. Hal Smith and Billy Gardner also hit homers for the Orioles and Roy Sievers and Jim Lemon for the Senators. Sievers and Karl Olson also homered in the second game, won by Washington 5-4 on Dick Tettelbach's single wth the bases loaded in the ninth.

BULLET NETMEN LOSE SEVENTH

Gettysburg College's victoryless tennis team bowed to unbeaten Dickinson here Saturday afternoon 8-1 as Bob Rice was the lone victory for the Bullets.

The defeat was the seventh straight for the locals and fifth triumph for the Red Devils.

The Bullets meet Lehigh at Bethlehem Wednesday.

Singles

Bob Rice (G) defeated Ralph Hays, 5-7, 6-2, 6-2.

Dick Shuman (D) defeated Wayne Smith, 6-0, 6-2.

Kit Spahr (D) defeated Chuck Moyer, 6-2, 6-3.

Ron DePass (D) defeated Chauncey Yingst, 6-4, 6-4.

Art Duel (D) defeated Jerry Robbins, 6-3, 7-5.

Bill Lynam (D) defeated John Houser, 6-0, 6-0.

Doubles

Shuman and Spahr (D) defeated Rice and Smith, 6-2, 6-2.

DePass and Larry Fink (D) defeated Moyer and Yingst, 6-1, 8-6.

Lynam and Duel (D) defeated Robbins and Houser, 6-1, 6-1.

CUBAN WINS DULL BATTLE

SYRACUSE, N.Y (AP)—'Ay, ay, ay, ay.

"Senor Jim Norris.

"Friday night, Miceli, we outpointed heem, how 'bout get us Tony De Mar-rco?"

That was the tune being sung happily today by Mundito Medina, Puerto Rican song - writer who trains Isaac Logart, called by some a second Kid Gavilan.

But the opinion of most ringsiders who watched Cuba's Logart carve out a hit, cling, run, stab and clinch unanimous 10-round decision over Brooklyn's Joe Miceli in a dull fight Friday night was that Medina would sing a far different tune should his boy climb through the ropes with DeMarco, the former welterweight champion from Boston.

Logart is ranked third among the welterweights behind Carmen Basilio, also a former champ, and DeMarco.

Medina says he would like to have Logart meet either of them soon.

Logart was concerned over the loud booing of some mans over Friday night's decision. He said Miceli was "a tough guy to fight—he make you look bad."

Miceli appeared shocked at the decision. "I thought I won it easily," he commented.

The American Hockey League record for unassisted goals scored in one game is eight. The were made by the late Johnny Holota while playing for Cleveland in 1946-47.

Today's Talk

LIVE TO WONDER

No one can look out into the budding of the springtime without being conscious that one looks out upon a world of wonder. We ponder. We question. We challenge ignorance. We hope for understanding of all wrapped in wonder, all about us, and wherever we may be.

I understand very little that the late Albert Einstein wrote about relativity, but here is something he wrote that I do understand. He said: "The most beautiful thing we can experience is the mysterious. It is the source of all true art and science. He to whom this emotion is a stranger, who can no longer pause to wonder and stand rapt in awe, is as good as dead: his eyes are closed."

I have looked out upon a multitude of springtimes. I have walked the mossy paths of the forest, and plucked blossoms from plants and flowers that were strangers to me. I have studied the ways and habits of many an animal and bird, tree and running brook, but only to wonder anew each time — and so I will until my time is over. To wonder is to live!

I can understand the fascination and industry of the scientist and inventor. Each lives in a world apart. Each glories in discovery. Each is both student and teacher in a strange and fabulous world whose secrets mean more to each than all the wealth of Croesus. The eyes and minds of each revel in wonder!

What is the meaning to it all? Does it matter so long as we can exclaim with Michael Fairless, the immortal author of The Roadmender, "What do we ask of life, here or indeed hereafter, but leave to serve, to live, to commune with our fellowmen and with ourselves; and from the lap of earth to look up into the face of God?"

Tomorrow Mr. Adams will talk on the subject: "Heritage of All"

TRAFFIC

"Traffic Kills Five," from day to day
The large-type newspaper headlines say.
And somehow or other, it seems to me
These are tragedies that should never be.
And I wonder why motorists don't take care
While driving their cars on some thoroughfare.

They are proud of the power in that strong machine,
They will work on the car to keep it clean,
They'll polish the body and shine the glass,
But they won't slow down when a truck they'd pass.
They will drive full speed where the children play
And they'll risk their lives for the right of way.

They will courteous be when they walk the street,
They will step aside for the old they meet,
They'll willingly help the lame and blind,
The time to be friendly they'll always find,
But they seem to change when their cars they drive.
Hence this newspaper headline: "Traffic Kills Five."

showed three pellets lodged in the upper, left front of Mainer's red wool jacket where there were also a number of perforations by pellets. Stains on the jacket were made by human blood, he said.

Gives Lab Report

Lt. Whitecotton was next and testified at length about the gun and the shot and lab tests made of both. He described the trigger pull on the gun Gingell used as "safe." Test firings were done with the gun at ranges from five to 40 feet but Whitecotton when shown a picture of the wounds in the dead man's chest said that gun does not fire that type of shot pattern.

"The pellet patterns on the body of the dead man were interrupted patterns," he said, "and not all of the shot hit the man." There had been testimony about shot marks on the hood and front post and door of the car and other testimony holding that some of Mainer's wounds had been inflicted by deflected shot.

Microscopic tests showed the discharged shells found by Brady at the scene had been fired from the gun Gingell had used, the officer said. The shot were No. 5 size shotgun pellets and the shells .410 gauge.

Last state's witness called was Harper Hiner, Fairfield garageman. He took the stand but did not testify when counsel agreed to a stipulation of facts on his custody of the Mainer car from the day of the shooting.

Hail, Tornado Warning, High Winds, Sunshine Sweep State

By THE ASSOCIATED PRESS

High winds, severe thunderstorms, a tornado warning, hail, unusually high temperatures—and even sunshine, formed an unusual weather pattern across Pennsylvania Sunday.

The Weather Bureau said there would be less variety today but western Pennsylvania was expected to experience unseasonably cold temperatures, winds were expected to be higher than normal across the state and some showers were forecast for central and western areas.

Bearing the strongest blows of yesterday's wind storms was the Scranton-Wilkes-Barre area.

Scranton lost its electrical power for more than an hour last night and intense rains caused sewers to back up as much as four or five feet in the commonwealth's fourth largest city.

The power loss — putting all four television stations in the area off the air for an hour an a half—was believed to have been caused by a lightning bolt that hit one of the main transformers of the Pennsylvania Power and Light Co.'s Scranton affiliate.

Steeple Set Afire

The steeple of the Brick Methodist Church in nearby Duryea was set on fire by lightning shortly after evening services were started. The blaze was quickly extinguished and no one was hurt. A policeman said two thunderstorms approached the mountainside community and "seemed to center right over town."

Wilkes-Barre also experienced power losses that forced the use of emergency electrical systems in hospitals there and in Pittston.

The downpour caused a washout of Rt. 92 at Ransom and Harvey's Lake, a summer resort, was cut off from its main approach by a landslide at Ivytown. Rain cut visibility so sharply that motor traffic was brought to a near standstill.

Wilkes-Barre Twp. was hit briefly by winds that left as suddenly as they had appeared. Roofs of three homes were severely damaged, TV antennae twisted, several shacks overturned and the marquee and concession stand at the Wilkes-Barre drive-in theater were destroyed.

"Freakish Blast"

The theater had been hit by another freakish blast Saturday night. That overturned the huge outdoor screen.

The heavy rains, totalling .6 of an inch in half an hour, flooded underground transformers at Coughlin High School in Wilkes-Barre, cutting all power in the school.

Before the rains came, temperatures ranged far above normal, as high as 85 at Middletown and 84 in Philadelphia.

Erie was the coolest spot in the state with a high reading of 65 degrees. But Erie and surrounding areas were put on a tornado alert—although nothing other unusually high winds materialized.

The highest recorded wind velocity—those at Wilkes-Barre were not registered—was at Williamsport and Brookville, 52 miles an hour.

Avoca had the most rain, .62 of an inch and Altoona had moderate rain last night and was also pelted briefly but heavily by hail.

Philadelphia, which had warm, sunny and humid weather until late Sunday, experienced the year's heaviest flow of shorebound traffic over the weekend.

while he and his wife were at church.

Asked last night if the safe held as much as $95,000 in cash, Denny replied:

"I think it did. I'm not sure."

He said the total amount of cash "might be" over $100,000 but not as much as $200,000.

Regrets Carelessness

"I hadn't counted it for some time," he said. "I guess we should have taken better care of that money."

When Cook went to Houston police last Thursday he said that he had received a tip that a job as "big as the Brink's holdup" had been staged here. He said he was given the name of Hamlett and an automobile license number.

Cook said he saw a chance for his "big story" and talked Parks into helping him.

Cook said he and Parks went to the homes of Hamlett and Hicks, an automobile dealer who was Hamlett's employer, posing as police officers. He said he and Parks roughed up the pair in order to find out where Hamlett had hidden the money.

Safe Is Found

Police said they do not know what will happen to the charges against Cook and Parks.

Houston Police Lt. A. C. Martindale said "Hicks strictly had nothing to do with this robbery."

Verification of Cook's story began to develop Saturday when the safe stolen from Denny's home was found west of here.

Houston police picked up Hamlett Saturday night. They said that after four hours of questioning Hamlett admitted he participated in the Denny robbery and named Marley as his accomplice.

ST. LOUIS (AP)—William F. Power, 19, finished taking a bath and pulled the plug. Out of the drain popped a snake.

"It scared the daylights out of me," he said. "I was just paralyzed."

Before he could scramble out of the tub, the snake bit him on the big toe of his right foot. He suffered no ill effects. The snake was a nonvenomous type.

Power caught it and is keeping it in a goldfish bowl.

day afternoon, prior to opening day, Professor Weidner called me to his office. He asked me how I felt; allowed as how I had been working unusually hard on school and extra-curricular activities; and averred that it might be well if I took a long weekend of rest and relaxation to better equip me for my responsibilities the following Monday. As he talked with a very somber face but with that twinkle in his eye, my feeling of good health began to fade, and I was scarcely able to drag myself out of the office.

* * *

By daylight next morning I had been restored to the point that along with two adult companions and a bird dog, I was hunting quail in one corner of the extensive farm of Mr. Raisch at nearby Bluebell. We could hear rabbit hounds crying trails some distance away at another end of the farm. At noontime, we went to the Raisch home where Mrs. Raisch customarily set out grape juice and cookies for those who had the privilege of hunting over this property. As I went into the living room there sat Professor Weidner and his gunning companion, Professor Rieber. I was overwhelmed with guilt and confusion at thus being caught in the midst of my sins. The Professor wished me a "Good day" and blandly winked an eye.

Belatedly I wish him "Happy Birthday" and many more years of happiness.

Report 11 Are Killed When Revolt In Cuba Is Foiled

By GEORGE KAUFMAN

HAVANA, Cuba (AP)—Cuba's Cabinet today ordered a 45-day freeze on constitutional guarantees after 70 civilian rebels attacked an army base 60 miles east of Havana in an apparent bid to take over the country.

The government of President Fulgencio Batista said the revolt at the Domingo Goicuria army base, just outside Matanzas, had been crushed swiftly with 11 rebels killed and a number wounded. It said only three Cuban soldiers were wounded.

The army announced that former President Carlos Prio Socarras, who has been repeatedly charged with plotting against the government, had been arrested with a number of his friends.

General Is Arrested

Gen. Francisco Tabernilla, army chief of staff, said Prio Socarras, who was ousted by Batista in a bloodless revolt in March 1952, had been taken into custody "to protect the personal safety of the former president."

When word of the revolt reached Havana, Batista reportedly left the capital to take personal command of the army.

The government communique said all police, army and navy leaves had been canceled and all members of the armed forces ordered to quarters.

The Cabinet's move to suspend guarantees went into immediate effect. The action must be confirmed by Congress, but approval appeared certain.

The suspended guarantees are freedom of assembly, inviolability of mail and freedom of speech and of the press. There was no indication, however, that the government intended to put on censorship.

Face Long Detention

Under the decree, the government also is empowered to hold arrested persons incommunicado as long as it desires.

A government account of the revolt said the rebels, "heavily armed with machine guns, rifles, carbines and grenades," tried to seize the Domingo Goicuria base.

Gen. Pilar Garcia, military commander at Matanzas, reported the battle was over in three hours, except for the mopup.

"The attackers were exterminated at the side of their machine guns," he said.

Garcia said the raiders, wearing blue shirts and gray pants similar to army uniforms, rode up to the base in six trucks stolen from a mining concern. Guards opened fire when they tried to break in. Garcia said none of the raiders got into the base.

"Conspiracy Leader" Nabbed

Among the rebels slain was Reinol Garcia, whom police had listed as a "conspiracy leader." Informants have linked him with groups loyal to Prior Socarras.

Reliable informants said Fidel Castro, who led an abortive uprising in July 1953, may have headed the revolt.

Castro—considered a lieutenant of Prio Socarras—was sentenced to 12 years in prison for his 1953 attack on the army barracks at Santiago de Cuba. He was pardoned last year in a general amnesty and left for Mexico. But there had been reports he had slipped back into Cuba.

Prior Socarras, who only recently returned from exile in the United States, has been accused repeatedly of conspiracy. He has denied all the charges.

India has brought 17 million acres of land under irrigation in the last five years.

NEW DISEASE IN CHILDREN IS DISCOVERED

By ALTON L. BLAKESLEE
AP Science Reporter

HOUSTON, Tex (AP) — Discovery of the virus causing a strange "fifth disease" in children was reported today to the Society of American Bacteriologists.

The fifth disease is erythema infectiosum, so called because it can be mistaken at times for measles, German measles, scarlet fever or another rash disease, roseola infantum.

Erythema infectiosum, hitting in epidemics, brings a harmless reddish rash on the face and other body parts. It may be more common than supposed.

Can Grow In Monkeys

The virus causing it was isolated from secretions of sick children, said Doctors Georges H. Werner, Albert Ketler, Philip S. Brachman, and Geoffrey W. Rake, of the University of Pennsylvania.

The virus can be grown in monkey kidney tissue, just like polio and other viruses. This will aid in understanding how it's related to other virus diseases like measles—maybe from a common parent virus — and in making a vaccine if one is needed.

An improved vaccine appears to start bringing defense against rabies within 15 days, said Doctors H. M. Powell and C. G. Culbertson of the Eli Lilly Research Laboratories, Indianapolis, Ind., in another report.

The virus to make the vaccine is grown in duck eggs, and then is killed by a chemical, beta propiolactone. This method avoids or reduces risk of paralytic, alergic-type reactions from virus growth in rabbit brains, or from use of live virus, they said.

The new vaccine produced protective antibodies against rabies in tests on dogs and other animals, and in 32 humans so far. The defending antibodies appeared within 15 days or less.

Starts 1958 Boom For Judge O'Brien

PITTSBURGH (AP) — Joseph A. McArdle, a member of the Republican State Committee, says he will try to talk other committee members and party leaders into slating Judge Henry X. O'Brien of Allegheny County as the GOP gubernatorial candidate in 1958.

McArdle said that O'Brien proved in last Tuesday's primary that he is a big vote-getter by almost defeating Judge Benjamin R. Jones of Luzerne County for the GOP nomination for State Supreme Court. Jones was supported by the state Republican organization.

He will remain in Washington through May 19, then spend two weeks in travel through the United States.

Iron Curtain Break Called Fairy Tale

EISENSTADT, Austria (AP) — Police say 18-year-old Fritz Hammerl spun a "complete fairy tale" in his story of driving a farm tractor under fire through the barbed wire and minefields of the Communist Hungarian border to Austrian sanctuary.

Hammerl had related that the gunfire of border guards—one of them his own brother—killed three companions.

Authorities called Hammerl a publicity hound. They said a border check failed to prove his story. Now they are trying to figure out what to do with him. The youth now claims to be an Austrian citizen.

TRUTH BRINGS DEPORTATION

DETROIT (AP) — Because Otto Weyer told the truth about an almost forgotten lie, he is headed for deportation to Germany.

On a swimming trip to neighboring Windsor, Ont., last spring, the engineerng student at Henry Ford Community College left his border-crossing card at home.

Returning to Detroit, he identified himself as a native American.

The incident was all but forgotten until last July. In the course of examination for citizenship, Otto was asked if he ever falsely claimed citizenship.

"Yes," he replied, "I believe I have."

Then he related the instance of his swimming trip. He told newsmen: "I was put under oath. I thought I'd better tell the truth."

The story came to light Saturday night when Otto's father Joseph, 50, was found in a cold rainstorm at midnight on the Belle Isle Bridge. The father was released after observation at Receiving Hospital.

"My son, my only child, is going to be deported," he told police. "I just can't face up to all my troubles."

The Weyers came from Germany in 1950.

An immigration official said Otto is being deported because of his one entry gained "through false and misleading statements."

NEW HYDROGEN WARHEADS MADE

WASHINGTON (AP) — The Air Force says a major scientific breakthrough has assured hydrogen warheads "light and handy enough to be carried by long-range missiles of reasonable size."

Two Air Force generals testified that although much engineering work remains, "no inventions are required" to perfect intercontinental missiles. They disclosed also that a definite schedule of development has been prepared, and expressed confidence it will be met.

The testimony was given by Maj. Gen. S. R. Brentnall, assistant chief of staff for guided missiles, and Maj. Gen. Bernard A. Schreiver, who is in direct charge of the long-range missile program. A House Appropriations subcommittee made public a censored version of their testimony last night.

Brentnall said missile development was long stymied because of the size of the warhead. But he said the "advent of lightweight high-yield warheads" has simplified many technical problems and assured eventual success.

Schreiver said the big job now is to plan and put together the complex system required to operate accurate missiles. He did not say, in the released testimony, how long that might take.

TRUCK DRIVER AND GIRL GIVEN BRONZE MEDALS

PITTSBURGH (AP) — Two New Jerseyans — a 63-year-old truck driver and a 12-year-old girl — have been awarded Carnegie Hero Fund Commission citations and bronze medals.

Arthur J. Staehle Sr., of Springfield, N.J., was cited for saving an indeterminate number of lives from a runaway truck, and Margaret A. Frischkenecht, of Mountain View N.J., for saving a 4-year-old girl from drowning.

Staehle was driving his fully loaded trailer-truck up a steep hill in Allentown, Pa., last Jan. 25 when his truck began roling back wards. The drivershaft assembly had broken and the brakes had failed.

Had Severe Injuries

Staehle stepped partly from the cab to the running board and managed to steer the truck 600 feet down the hill in a heavily travelled business and residential district. The trailer finally swung and hit a utility pole, but the truck came to a stop without overturning.

Staehle was flung to the pavement and suffered severe head injuries. He was disabled for 12 weeks.

Margaret's heroic deed was performed in her hometown last May 1.

When Anna Lelak fell from a retaining wall into the Pompton River and drifted into deep water, Margaret jumped in fully clothed and swam 20 feet to rescue the little girl.

The Carnegie Hero awards were announced Friday night.

8,000 ACRES BURN

ALAMOGORDO, N.M. (AP) — A sprawling fire that consumed about 8,000 acres of prime New Mexico timberland seemed almost in check Saturday after hard work and diminishing winds stopped it just outside a tiny mountain town.

The fire continued to rage down a valley into the Lincoln National Forest, but a crew of more than 1,000 men stopped it outside the fighters' base camp and about a quarter mile from the hamlet of Sacramento.

Otto John Will Face Treason Trial

KARLSRUKE, Germany (AP) — The West German Supreme Court ruled Saturday that Otto John, the double turncoat and former West German intelligence chief, must stand trial on suspicion of treason.

The ruling came on an appeal that John be released on the grounds the state had insufficient evidence to hold him any longer for trial.

The effect of the order was that John must remain in prison.

The court proceedings were closed. Officials called a news conference to explain the verdict.

News Briefs

LONDON (AP) — A government source said Saturday two anti-Communist underground groups had plotted to assassinate Nikolai Bulganin and Nikita Khrushchev during the visit of Soviet leaders to Britain.

"One of the organizations was reported to be centered on the Continent and the other in Britain," the source said.

Both Scotland Yard and the Foreign Office were tipped off, the source added. He said agents had identified the plotters as "emigres."

Scotland Yard declined comment.

SCRANTON, Pa. (AP)—The names of witnesses appearing before a federal grand jury investigating the Army Signal Corps depot at Tobyhanna will not be disclosed in the future, U.S. Atty J. Julius Levy said Friday.

Levy said the decision was based on complaints from some witnesses about "newspaper notoriety." The government attorney did not identify the witnesses.

HISS SPEAKS AT PRINCETON

By RELMAN MORIN

PRINCETON, N. J. (AP) —Alger Hiss spoke on the heavily guarded Princeton University campus Thursday in a calm anticlimax to weeks of fanfare.

It was his first public speech since his release from prison.

Protests against the heralded appearance of the convicted perjurer before a student debating society had led to rumors of possible demonstrations.

But all was peaceful. After speaking on foreign policy, Hiss slipped out a back door of the meeting hall to avoid a waiting crowd and returned to his New York City home.

Hiss, whose role at the Yalta conference has been in bitter contention for years, told the students that "we got what we asked for in terms of technical concessions."

He also said, "I don't happen to believe that Yalta was such a pernicious occasion."

A query from a student during a question period led to the reference to the 1945 Yalta conference among the late President Franklin D. Roosevelt, the then British Prime Minister Winston Churchill and the late Russian Premier Joseph Stalin.

Hiss, then a high-ranking State Department official, was an adviser to Roosevelt at Yalta.

Five years later — in 1950 — he was convicted in New York City on perjury charges for denying before a federal grand jury that he passed out State Department secrets for a Soviet spy ring. He served almost four years in a federal penitentiary.

Pneumonia Causes Death Of Baby

EASTON, Pa. (AP)—A 5-year-old boy whose body was recovered from the Delaware River Tuesday died of acute pneumonia, says Northampton County Coroner George Kametz.

Kametz said Friday the cause of death was determined after a postmortem examination of the body of William C. Meuller, one of four children of Alfred C. Meuller, 59, and his wife, Gladys, 24.

The boy's father had reported his son missing last weekend. He admitted throwing the body in the river Tuesday, police said. The parents are being held at Northampton County Prison in $1,500 bail each on charges of neglect.

Their eldest child, Alfred, Jr., 6, was taken to Easton Hospital. His weight was reported at only 24 pounds.

REDMOND CRIBBIN

In 1932, a twenty-year-old boy stood in General Sessions Court, New York City, to receive a prison sentence of twenty-five years to life for having shot to death an unarmed man during a holdup. For the next sixteen years Pedmond Cribbin served his time, and the prison records describe him as being "frank and sincere." During his incarceration he consistently engaged in athletics and was very proud of his physique. In 1948, Cribbin was released on life parole, and it was hoped that in his sincerity he had realized that crime did not pay.

In 1954, he was declared delinquent by the parole authorities because of his failure to report, and the assistance of the FBI was requested in locating the fugitive and returning him to prison for the serving of his murder sentence.

3 Bandits Rob Bank

On April 6, 1955, the country was electrified by the daring, ruthless manner in which the Chase Manhattan Bank of Long Island, New York, was robbed. Three bandits operating with machine-like precision committed the largest cash robbery in the history of American crime when they escaped wiht over three hundred thousand dollars in cash. Several weeks ago, The Gettysburg Times published the story of the bank robber leader, Thomas Francis Connelly Jr., better known as "The Duke" and "Spider." Investigation to locate this individual resulted in the identification of Redmond Cribbin as one of the bank robbers. This was an additional offense for which the FBI desired his apprehension.

This ex-convict who at the age of nineteen cold- bloodedly shot down a man he was attempting to rob, must be considered extremely dangerous. He is known to be armed and care should be taken in any approach. He has gone under numerous names — "Red" Gribbins, James Danels, James Daniels, Mike Malloy, Minnie, and Ninny. He is five feet eight inches, weighs between one hundred ninety and two hundred pounds, and has a stocky build. His hair is chestnut brown turning gray. He is balding. His eyes are blue-gray, complexion medium, and he has a small scar over his right eye and another scar on the side of his nose. There is a large oval birthmark on the back of his left hand. By occupation he has been a tile setter and laborer.

Seek His Arrest

Cribbin is a man whose apprehension is earnestly desired by all law enforcement organizations in the country, and anyone having information concerning his whereabouts should communicate the same to Norman H. McCabe, Special Agent in Charge of the Philadelphia Office of the FBI, 500 Widener Building, Philadelphia, Pa., telephone number RIttenhouse 6-5300.

James Eddie Diggs, one of the FBI's Ten Most Wanted Fugitives, is being sought by the FBI for the murder of his wife and two small sons. Next week The Gettysburg Times will pubiish the story of wife killer James Eddie Diggs.

NSC DECLARES NATION MAY SET DEATH RECORD

CHICAGO (AP)—The National Safety Council says the nation may be headed for a new all-time record of traffic deaths in a single year.

The March death toll was the highest in history.

If the present trend continues, the council observed, the 1941 all-time record of 39,969 deaths may be surpassed in 1956.

The March toll was 2,960—320 more than March 1955 and 94 higher than the previous record of 2,866 for the month, set in 1937.

It was the 13th consecutive month of increased traffic deaths. The toll for the first three months of 1956 was 8,590, second highest first-quarter total on record. The record first quarter total of 8,615 deaths was set in 1937.

"Accident Emergency"

The mounting rate of traffic deaths prompted Council President Ned H. Dearborn to declare a "traffic accident emergency." He wired each state governor to urge an "all-out effort" to curtail traffic accidents.

He also sent the traffic toll records to the President's Committee for Safety in advance of four regional conferences to be sponsored by the committee in May. The first meeting convenes tomorrow in Atlantic City with follow-ups at Miami, Chicago and San Francisco.

'These might well be called emergency conferences. The death toll certainly underscores the urgency of these public support meetings,' Dearborn declared.

Dearborn called on the driving public to make a "united effort" to cut down the death rate.

Despite the growing national toll, the council said 15 states and 155 cities have reduced traffic fatalities so far this year.

Dress canned green beans (drained) with mayonaise mixed with cream; add bits of anchovy fillets and serve surrounded with greens for a supper salad. Nice with sliced roast veal.

STUDENTS WED, WORK; PARENTS GIVE APPROVAL

The Associated Press

If you're trying to get up enough courage to tell Mon you'd like to get married, don't despair. It seems more parents are giving students permission to wed these days, and most young people work it out so they can finish school even with their new responsibilities.

How is it done?

Well it looks as if papas and mamas put their heads (and pocketbooks) together and help their offspring work out the plans.

Relieves Worries

One philosophical mother even confessed she was rather relieved at the thought of wedding bells. "I've been worrying about Jane going to college anyway, ever since I read statistics that her chances of marrying would decrease with each passing day. I almost missed my own opportunity to marry and I didn't want that to happen to her."

Some papas hold out until the prospective bridegroom has promise of income from the sweat of his brow if he expects the family to float him gifts or loans. It seems they want to be shown.

One student relates that his parents encouraged his marriage because his marks were good and since he was studying medicine they felt assured of his success. Both families helped foot the bills for that couple.

In another instance the girl took a business course and found a job as a stenographer. Her husband completed his last college year with funds from father and an uncle. A grandmother paid the rent.

Typical is the industrious student who worked at the local gas station part-time while his student-wife worked as a librarian part-time. They didn't stop there either. They lived in a small house rent-free in return for being caretakers of an estate.

One young working wife took a job near her husband's campus. She works as a clerk in a nearby store and waitress in the local restaurant. Her income of $70 a week helps pay part of his tuition also.

Work And Study

City students, it seems, have an easier time of swinging the student-job idea than suburbanites. Part-time jobs are easier to find in the city and it is easier to find one that fits into the school schedule as a rule.

If you've been having a problem selling Mom and Dad on the marriage idea, one student suggests you follow this plan which helped her prove to her folks that she was a good marriage risk:

1. Encourage the boy to some income-producing status.
2. Try to do something in your own spare time.
3. Get your own parents on your side.
4. After you've sold your parents, suggest they help you appeal to the young man's folks.
5. Sell the "easy parents" first. Then get them to help soften up the other two and be sure to have a softening-up period before you tip your hand.
6. Resist with all your might any plan that involves you living with in-laws or living apart. If that is the only solution it is better to delay the wedding.

Grated carrots, raisins and mayonnaise make a nutritious sandwich spread for youngsters. Plump the raisins by letting them stand in very hot water a few minutes, then drain well.

TRUCK DRIVER AND GIRL GIVEN BRONZE MEDALS

PITTSBURGH (AP) — Two New Jerseyans — a 63-year-old truck driver and a 12-year-old girl — have been awarded Carnegie Hero Fund Commission citations and bronze medals.

Arthur J. Staehle Sr., of Springfield, N.J., was cited for saving an indeterminate number of lives from a runaway truck, and Margaret A. Frischkenecht, of Mountain View, N.J., for saving a 4-year-old girl from drowning.

Staehle was driving his fully loaded trailer-truck up a steep hill in Allentown, Pa., last Jan. 25 when his truck began roling back wards. The drivershaft assembly had broken and the brakes had failed.

Had Severe Injuries

Staehle stepped partly from the cab to the running board and managed to steer the truck 600 feet down the hill in a heavily travelled business and residential district. The trailer fnally swung and hit a utility pole, but the truck came to a stop without overturning.

Staehle was flung to the pavement and suffered severe head injuries. He was disabled for 12 weeks.

Margaret's heroic deed was performed in her hometown last May 1.

When Anna Lelak fell from a retaining wall into the Pompton River and drifted into deep water, Margaret jumped in fully clothed and swam 20 feet to rescue the little girl.

The Carnegie Hero awards were announced Friday night.

ALAMOGORDO, N.M. (AP) — A sprawling fire that consumed about 8,000 acres of prime New Mexico timberland seemed almost in check Saturday after hard work and diminishing winds stopped it just outsde a tiny mountan town.

The fire continued to rage down a valley into the Lincoln Natonal Forest, but a crew of more than 1,000 men stopped it outside the fighters' base camp and about a quarter mile from the hamlet of Sacramento.

Otto John Will Face Treason Trial

KARLSRUKE, Germany (AP) — The West German Supreme Court ruled Saturday that Otto John, the double turncoat and former West German intelligence chief, must stand trial on suspicion of treason.

The ruling came on an appeal that John be released on the grounds the state had insufficient evidence to hold him any longer for trial.

The effect of the order was that John must remain in prison.

The court proceedings were closed. Officials called a news conference to explain the verdict.

LONDON (AP) — A government source said Saturday two anti-Communist underground groups had plotted to assassinate Nikolai Bulganin and Nikita Khrushchev during the visit of Soviet leaders to Britain.

Both Scotland Yard and the Foreign Office were tipped off, the source added. He said agents had identified the plotters as "emigres."

Scotland Yard declined comment.

SCRANTON, Pa. (AP)—The names of witnesses appearing before a federal grand jury investigating the Army Signal Corps depot at Tobyhanna will not be disclosed in the future, U.S. Atty J. Julius Levy said Friday.

Levy said the decision was based on complaints from some witnesses about "newspaper notoriety." The government attorney did not identify the witnesses.

ELEPHANT INJURES 11

WAXAHACHIE, Tex. (AP)—Eleven persons were injured when a female elephant, apparently enraged because her baby had been taken from her recently, smashed into a spectator-filled stand during a circus performance here Friday night.

NEW DISEASE IN CHILDREN IS DISCOVERED

By ALTON L. BLAKESLEE
AP Science Reporter

HOUSTON, Tex (AP) — Discovery of the virus causing a strange "fifth disease" in children was reported today to the Society of American Bacteriologists

The fifth disease is erythema infectiosum, so called because it can be mistaken at times for measles German measles, scarlet fever or another rash disease, roseola infantum.

Erythema infectiosum, hitting in epidemics, brings a harmless reddish rash on the face and other body parts. It may be more common than supposed.

Can Grow In Monkeys

The virus causing it was isolated from secretions of sick children, said Doctors Georges H Werner, Albert Keller, Philip S Brachman, and Geoffrey W. Rake, of the University of Pennsylvania

The virus can be grown in monkey kidney tissue, just like polio and other viruses. This will aid in understanding how it's related to other virus diseases like measles—maybe from a common parent virus — and in making a vaccine if one is needed.

An improved vaccine appears to start bringing defense against rabies within 15 days, said Doctors H. M. Powell and C. G. Culbertson of the Eli Lilly Research Laboratories, Indianapolis, Ind., in another report.

The virus to make the vaccine is grown in duck eggs, and then is killed by a chemical, beta propiolactone. This method avoids or reduces risk of paralytic, allergic-type reactions from virus growth in rabbit brains, or from use of live virus, they said.

The new vaccine produced protective antibodies against rabies in tests on dogs and other animals, and in 32 humans so far. The defending antibodies appeared within 15 days or less.

TRUTH BRINGS DEPORTATION

DETROIT (AP) — Because Otto Weyer told the truth about an almost forgotten lie, he is headed for deportation to Germany.

On a swimming trip to neighboring Windsor, Ont., last spring, the engineering student at Henry Ford Community College left his border-crossing card at home.

Returning to Detroit, he identified himself as a native American.

The incident was all but forgotten until last July. In the course of examination for citizenship, Otto was asked if he ever falsely claimed citizenship.

"Yes," he replied, "I believe I have."

Then he related the instance of his swimming trip. He told newsmen: "I was put under oath. I thought I'd better tell the truth."

The story came to light Saturday night when Otto's father Joseph, 50, was found in a cold rainstorm at midnight on the Belle Isle Bridge. The father was released after observation at Receiving Hospital.

"My son, my only child, is going to be deported," he told police. "I just can't face up to all my troubles."

The Weyers came from Germany in 1950.

An immigration official said Otto is being deported because of his one entry gained "through false and misleading statements."

NEW HYDROGEN WARHEADS MADE

WASHINGTON (AP) — The Air Force says a major scientific breakthrough has assured hydrogen warheads "light and handy enough to be carried by long-range missiles of reasonable size."

Two Air Force generals testified that although much engineering work remains, "no inventions are required" to perfect intercontinental missiles They disclosed also that a definite schedule of development has been prepared, and expressed confidence it will be met.

The testimony was given by Maj. Gen. S. R. Brentnall, assistant chief of staff for guided missiles, and Maj Gen. Bernard A. Schreiver, who is in direct charge of the long-range missile program. A House Appropriations subcommittee made public a censored version of their testimony last night

Brentnall said missile development was long stymied because of the size of the warhead. But he said the "advent of lightweight high-yield warheads" has simplified many technical problems and assured eventual success.

Schreiver said the big job now is to plan and put together the complex system required to operate accurate missiles He did not say, in the released testimony, how long that might take.

Groups such as the Rotarians, Soroptimist Club, Woman's Club, Women's Civic Council, Arts and Crafts Guild, District Sunday School Association and the Civic Nursing Association. LISTED FELLOW WORKERS AS RED RECRUITS

WASHINGTON (AP) — Atom spy David Greenglass testified Friday that while working at the Los Alamos, N. M., atomic laboratory during World War II, he had listed 20 to 25 fellow employes he regarded as potential recruits for a Soviet espionage ring.

Brought here from his cell in the federal penitentiary at Lewisburg, Pa., Greenglass told the Senate Internal Security subcommittee that he has given the names of all these persons to the FBI.

He said he had compiled the list at the request of Julius Rosenberg, executed atomic spy, and had turned it over to him. He described Rosenberg, his brother-in law, as "my mentor."

Counsel Robert Morris asked if the list of names turned over to Rosenberg exhausted all of the "potential" spy ring members who it was felt might be recruited at Los Alamos.

"No, these 25 were in my ken," Greenglass replied. He said there were "others who were just as sympathetic I heard of, but that I couldn't check of my own accord."

Morris said Greenglass had given the subcommittee in closed session the names of some of those he had listed for Rosenberg, but Morris said "we are not prepared to have the names come into the record at this time."

Greenglass said that while he was an Army sergeant at Los Alamos, Rosenberg had instructed him "to find people in the project who were sympathetic to communism."

Morris asked if he meant people who were "likely recruits" for Soviet espionage. "More or less," Greenglass replied He added that he was quite sure of some of those he listed while there were others about whom he might not have been accurate.

Greenglass, like Harry Gold Thursday, was brought before the subcommittee by U. S marshals and testified in a hearing room overflowing with spectators.

Greenglass was sentenced in 1951 to 15 years in prison after pleading guilty to an espionage charge. Gold is serving a 30-year sentence for espionage.

Both were key witnesses at the 1951 trial of Rosenberg and his wife, Ethel, who was Greenglass' sister. The Rosenbergs were executed in 1953.

Gold testified Thursday he never met Rosenberg but that he had seen him once without knowing who he was.

A former Philadelphia chemist, Gold told in detail, however, of 1945, making contact with Greenglass and receiving from him two or three sketches and other material about the highly secret atomic work at Los Alamos.

LISTED FELLOW WORKERS AS RED RECRUITS

WASHINGTON (AP) — Atom spy David Greenglass testified Friday that while working at the Los Alamos, N. M., atomic laboratory during World War II, he had listed 20 to 25 fellow employes he regarded as potential recruits for a Soviet espionage ring.

Brought here from his cell in the federal penitentiary at Lewisburg, Pa., Greenglass told the Senate Internal Security subcommittee that he has given the names of all these persons to the FBI.

He said he had compiled the list at the request of Julius Rosenberg, executed atomic spy, and had turned it over to him. He described Rosenberg, his brother-in law, as "my mentor."

Counsel Robert Morris asked if the list of names turned over to Rosenberg exhausted all of the "potential" spy ring members who it was felt might be recruited at Los Alamos.

"No, these 25 were in my ken," Greenglass replied. He said there were "others who were just as sympathetic I heard of, but that I couldn't check of my own accord."

Morris said Greenglass had given the subcommittee in closed session the names of some of those he had listed for Rosenberg, but Morris said "we are not prepared to have the names come into the record at this time."

Greenglass said that while he was an Army sergeant at Los Alamos, Rosenberg had instructed him "to find people in the project who were sympathetic to communism."

Morris asked if he meant people who were "likely recruits" for Soviet espionage. "More or less," Greenglass replied He added that he was quite sure of some of those he listed while there were others about whom he might not have been accurate.

Greenglass, like Harry Gold Thursday, was brought before the subcommittee by U. S marshals and testified in a hearing room overflowing with spectators.

Greenglass was sentenced in 1951 to 15 years in prison after pleading guilty to an espionage charge. Gold is serving a 30-year sentence for espionage.

Both were key witnesses at the 1951 trial of Rosenberg and his wife, Ethel, who was Greenglass' sister. The Rosenbergs were executed in 1953.

Gold testified Thursday he never met Rosenberg but that he had seen him once without knowing who he was.

A former Philadelphia chemist, Gold told in detail, however, of 1945, making contact with Greenglass and receiving from him two or three sketches and other material about the highly secret atomic work at Los Alamos.

ATOM ENERGY

OAK RIDGE, Tenn. (AP) — Atomic energy is being used to produce better seeds. University of Tennessee experts at Oak Ridge hope to produce disease-resistant seeds by exposing them to gamma rays from radioactive cobalt.

Since most radiation effects are harmful to seeds, the project is expected to take several years to be successful.

BIG THREE MAY MEET ON REDS NEW ARMS PLAN

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Secretary of State Dulles and the foreign ministers of Britain and France probably will confer this week on a formula for testing Russia's offer to join in a general embargo on arms shipments to the Middle East.

The possibility of bringing Middle East arms shipments once again under some kind of control is regarded here as slight but worth looking into.

Dulles will leave for Paris tomorrow to attend a meeting of the North Atlantic Treaty Organization and diplomatic talks on a variety of international problems, dominated by the continuing Palestine crisis, Russian maneuvers and the Cyprus dispute.

He will get a first-hand report from Britain's Selwyn Lloyd on the visit to London of Soviet Communist party boss Nikita Khrushchev and Premier Nikolai Bulganin.

Hint Arms Band

Just before leaving London last Friday, Khrushchev said if it were possible to agree on an arms ban "through the United Nations or otherwise" Russia would take part. He said that as long as other nations sold arms the Soviet Union would do so.

The reaction here was one of great suspicion. Communist Czechoslovakia began selling arms to Egypt last fall, and Moscow comment then linked the transaction to the development of the anti-Communist Baghdad Pact in the Middle East.

Speculation in official quarters here is that Soviet willingness to stop shipping arms to the Arab states in return for a general embargo is a way of saying that the United States and Britain would have to stop shipping arms to countries in the Baghdad Pact. Aside from Britain, they are Pakistan, Turkey, Iran and Iraq.

Another element of skepticism here is a belief that Russia wants to keep the Arab-Israeli situation in a state of turmoil—a source of worry to the West and a threat to Europe's oil supplies—without taking any serious risk of war.

HIDDEN POWER

CHARLESTON, W. Va. (AP) — Welterweight Ted Hanna of Gallipolis, Ohio, lost his Golden Gloves match, but he scored a knockout anyway. Manager Malcolm Jackson had just walked over the console his boy after the fight when Hanna casually threw back his elbow. It caught Jackson in the stomach and knocked him cold.

There's Humor In The News

CINCINNATI (AP) — Pastry chef Gene Vogel studies the weather forecasts to determine how he'll do his baking for the next day.

He explains it this way:

"If the weatherman says 'cold', I bake extra coffee cake, doughnuts — other things that go with coffee.

"'Warmer', I make fruit tarts, chiffon pies in greater quantity.

"'Rain', I cut down on the bake shop production 30 per cent because not so many people come downtown when it rains and they don't like to carry packages."

BALTIMORE (AP) — The Baltimore Police Department has ordered 30 new police cars, painted various pastel shades.

Commissioner James M. Hepbron said the department eventually will be fully equipped with vari-colored autos instead of the present black ones. The idea is to make them harder to spot.

LOUISVILLE, Ky. (AP) — Three men operate a firm here which has done everything from taking a hunk out of the globe to building a better fish hook. Sam Adams, his brother, Ted, and Marion J. Miller plan to take on more trained technicians with imagination. Much of their work has been for physicians doing research at the University of Louisville Medical School.

"The physician knows what his research problem is," Adams says, "but he hasn't the faintest idea of the mechanical limitations. That's our job."

They have:

Built a table which tilts from horizontal to vertical to study people who faint when they stand up; an electronic respirator to keep anesthesized animals breathing while researchers operate on them; a nerve stimulator to tell surgeons when they've uncovered a nerve.

They have also made a trigger fish hook for an inventor. The hook is spring actuated and sets firmly in a fish's jaw when mouthed.

Perhaps one of their oddest jobs was an order for copper-lined world globes with a hunk cut out. The customer wanted to grow flowers in them.

COLUMBIA, S. C. (AP) — Martin Hungerpiller parked his car in the lot outside the office where he works. Another car rolled down an incline, bumped his car into a third one, causing an estimated $35 damage to a fender.

Hungerpiller is a clerk in the detective office and the cars were in the police department lot.

LANDRUM, S. C. (AP) — The fire department found it takes more than water to put out a fire at the bottom of a well.

The well, 96 feet deep, was dry and the family of Mrs. Ruth Jones used it for garbage disposal. Someone dumped a mattress into it and then another member of the family threw in ashes from the coal heater.

The fire department was called but failed to extinguish the flames with about 250 gallons of water. Finally, a building contractor was sent for and got the blaze out by dumping in six loads of sand.

FORT OGLETHORPE, Ga. (AP) — Homer Parris built a house largely from wooden yardsticks. He doesn't know how many went into the outside as weatherboarding but the inside walls, ceilings and floors are made up of 47,600 yardsticks.

He got the sticks — culls and seconds rejected by the manufacturer—for use as kindling but then decided to install an oil burner and sought some use for the big pile of sticks.

He first used some as weatherboarding on the back of the house but his wife liked the looks so well he decided to do all the weatherboarding with the sticks and then turned to the interior.

The wood strips came in varying types of wood and colors so he did the bathroom in flamingo and yellow; the walls and ceiling of the kitchen in unpainted sticks with kitchen cupboards in yellow and wine red; the bedroom with walls and ceiling and the living room maple throughout.

The floors of the house are three yardsticks thick, the walls two. Parris says the sticks are good insulation and they are standing up under the impact of the four young children.

MEMPHIS, Tenn. (AP) — Birthdays of the children in the Overton T. Ryan family can be remembered easily by tying them to a holiday. John was born on Christmas Eve, Alan on George Washington's birthday, Marion on Abraham Lincoln's birthday and James Patrick on St. Patrick's Day.

BOWLING GREEN, Ky. (AP) — Youth Day went off smoothly enough when high school seniors temporarily filled in for members of Fiscal Court—that is, until one student offered a motion that each student be paid the $15 given the elected officials for attending a meeting. The adults took over pronto, but still voted to pay each student $5 out of their own pockets.

SAN DIEGO, Calif. (AP) — The zoo raises mice and rats, 8,600 of them in 1955, to feed to its reptiles and carnivorous birds.

Employers' age policies are the cause of 56 per cent of U.S. retirements, one survey indicates.

GEORGE FAVORS EXPANSION OF NATO PROGRAM

By JACK BELL

WASHINGTON (AP)—Sen. George (D-Ga) said today he favors expansion of international political activities by the North Atlantic Treaty Organization but does not believe it should enter the economic field.

George spoke out in an interview in advance of the scheduled public appearance of Secretary of State Dulles before the Senate Foreign Relations Committee.

George heads the committee and serves as chief Democratic spokesman in Congress on foreign policy.

Voicing general approval of Dulles' proposal to try to give new vitality to NATO, the Georgia senator said, "I don't see how it can be made into an economic agency."

Cites "Possibilities"

Dulles has declined to spell out his NATO proposals before leaving tomorrow for a Paris meeting of the organization. But he has said there are "possibilities of joint efforts" which might include some or all of the NATO countries to assist in neighboring areas such as North Africa.

The secretary has said much of the economy of the NATO countries depends on oil from the disturbed Middle East.

George made it clear he thinks any large-scale American economic aid in the Middle East would involve "sticking our head in the lion's mouth" of the dispute between Israel and her Arab neighbors.

He said that outside the economic field he believes NATO nations could accomplish a great deal by "moving away from what is now only a strict military alliance."

Reds Oppose NATO

"The Russians are undoubtedly trying to get rid of NATO," he said. "They may have succeeded in softening up some of the European countries which are not as aware of the immediate danger of war as they have been in the past."

For this reason, he said, he will support proposals to broaden the consultation between NATO nations in the international political field.

Ambassador Henry Cabot Lodge Jr. said the United States should channel a larger share of its aid through the United Nations. Lodge is chief U.S. delegate to the U.N.

"Multilateral aid," Lodge said, "offers a way to prevent the so-called auction which some are trying to promote between the United States and the U.S.S.R. as to which will spend the most in an underdeveloped country."

MOVIE FILM CAREERS DON'T TRAP JAPANESE

By GENE KRAMER

TOKYO, (AP) — Japan's foremost movie studio is beating the bushes for talent, but the response so far is more like a trickle than a stampede.

Even newspaper ads are used in a quest for new faces by Daiei Studios, which produced the internationally famous films "Rashomon" and "Gate of Hell." Company employes are under orders to watch for prospects on the street.

"Japanese youngsters must be different from Americans. They're too modest and bashful to say they want to get into the movies," shrugged a Daiei executive. Other reasons are long hours of drama study, family pressure and low pay except for top stars.

Few Answer Ad

A nationally circulated newspaper advertisement for talent could easily draw half a million answers in the United States. Fewer than 7,000 answered one Daiei ad.

Interviews were granted to 250 who impressed the studio. Of those who answered the ad and those spotted on the street, only about 25 were considered talented enough for admission to Daiei's six-month "school for new faces." At most, five who complete the course will be signed to a contract.

When a prospect is spotted, the studio approaches her parents first. "A Japanese girl would think I was crazy if I walked up and asked her if she wants to go into the movies," said a Daiei man. Movies may be a modern industry, but in Japan marriage and occupations still are frequently arranged through families.

Falls Back On Revues

Most male stars are discovered through the "new faces" program but Daiei still falls back on theater revues for most actresses.

However, the one top actress who reached stardom from a newspaper ad is now billed as Japan's No. 1 pinup girl. She is Ayako Wakao, 22, a demure beauty whether she's in sweater or traditional kimono.

"The rise to stardom takes so much work, you must be strong to stand the pressure," Miss Wakao says.

For six months in the "new faces" school the candidates, about one third males, get paid only carfare and meals while they learn movie acting.

The five who are signed to act work for three years at standard factory pay of $27.75 a month plus cutrate company housing, with a 10 per cent raise each year. They get about $150 extra for each of four or five bit parts the first year and more when and if the parts get fatter.

The third year, a "new face" is treated as a full-fledged actor and from then on it's up to his or her talent, Daiei says. There are almost no agents. After the first contract ends, the player may freelance or sign on with the company, as in Hollywood.

Adage Blasted By These Sluggers

NEW YORK (AP) — There's an old baseball adage that says southpaw pitchers are poison to left-handed batters. But you couldn't prove it by looking at the 1955 pinch hitting records compiled by Dusty Rhodes and Bill Taylor of the Giants — both lefties.

Rhodes made 10 hits in 20 chances for a .500 mark against portside hurlers. Taylor had only one shot at a southpaw — and it was a home run.

TIE, TIE AGAIN

PONCA CITY, Okla. (AP) — The basketball game between the Ponca Military Academy and St. Mary was nip and tuck. At the end of the first quarter the score was tied 8-8, at halftime it was 20-20, the third quarter ended 30-30, at the end of the regulation game it was 41-41 and at the end of the first overtime period it was still tied, 43-43.

St. Mary's finally pulled it out, 45-43, in the second overtime.

PLANE PARTS PLANT BURNS; $3 MILLION LOSS

HARRISBURG (AP)—A fire fed by magnesium explosions virtually wiped out a sprawling aircraft engine parts factory at nearby Grantham and caused an estimated 3 million dollars damage.

Over 20 firemen, including two chiefs, and one employe of the aircraft engine and parts corporation, were injured in the blaze which broke out late Saturday afternoon.

All but two of the plant's 40 employes were working at the time.

Firemen were still on the scene today wetting down the ruins after the fire flared up again several times yesterday.

An investigation was underway into the cause of the blaze which Ralph Mackay, company manager who estimated damage, said apparently started in a room where solvents were stored.

Herbert Myers, 29, an employe of the plant, was treated at Harrisburg Hospital for severe leg burns. About 20 firemen, including Chief Daniel Keefer of Grantham and Chief Glen Hawbecker of Lower Allen, were treated at the scene for smoke poisoning, acid and fire burns and cuts and bruises.

Town Threatened

For a time flying sparks threatened to engulf the Cumberland County town of 490 persons but firemen hosed down nearby houses and stores and extinguished a brush fire started by sparks a half mile from the plant.

Dense smoke and shifting winds hindered operations.

The firm had occupied the brick acre-and-a-half building since 1946 and manufactured and reconditioned airplane engine parts. The company's home office is in New York City.

During the height of the blaze fire companies from at least 15 neighboring communities were at the scene.

Drivers Charged Following Race

A collision occurred about 7:40 p.m. Thursday when a car driven by James E. Wherley, 18, Hanover, which Hanover police say was west on Poplar Street, Hanover, with a machine driven by Gary E. Harner, Gettysburg R. D. 5, collided with a car owned by Marie Moxley, parked in front of her home. Damage to the two cars was estimated at $300 each by police.

Wherley was arrested by police and charged with reckless driving and disorderly conduct under a borough ordinance. At a hearing before Justice of the Peace George A. Lippy, Hanover, police said he became both abusive and disorderly and he was fined $100 and costs on the disorderly conduct charge. This he declined to pay, police report, saying they could put him in jail first. He was later committed to jail for 30 days.

Harner, the driver police claimed was racing with Wherley, was charged with reckless driving in an information filed with Justice Lippy.

PLANE PARTS PLANT BURNS; $3 MILLION LOSS

HARRISBURG (AP)—A fire fed by magnesium explosions virtually wiped out a sprawling arcraft engine parts factory at nearby Grantham and caused an estimated 3 million dollars damage.

Over 20 firemen, includng two chiefs, and one employe of the aircraft engine and parts corporation, were injured in the blaze which broke out late Saturday afternoon.

All but two of the plant's 40 employes were working at the time.

Firemen were still on the scene today wetting down the ruins after the fire flared up agan several times yesterday.

An investigation was underway into the cause of the blaze which Ralph Mackay, company manager who estimated damage, said apparently started in a room where solvents were stored.

Herbert Myers, 29, an employe of the plant, was treated at Harrisburg Hospital for severe leg burns. About 20 firemen, including Chief Daniel Keefer of Grantham and Chief Glen Hawbecker of Lower Allen, were treated at the scene for smoke poisoning, acid and fire burns and cuts and bruises.

Town Threatened

For a time flying sparks threatened to engulf the Cumberland County town of 490 persons but firemen hosed down nearby houses and stores and extinguished a brush fire started by sparks a half mile from the plant.

Dense smoke and shifting winds hindered operations.

The firm had occupied the brick acre-and-a-half buildng since 1946 and manufactured and reconditioned airplane engine parts. The company's home office is in New York City.

During the height of the blaze fire companies from at least 15 neighboring communities were at the scene.

Drivers Charged Following Race

A collision occurred about 7:40 p.m. Thursday when a car driven by James E. Wherley, 18, Hanover, which Hanover police say was west on Poplar Street, Hanover, with a machine driven by Gary E. Harner, Gettysburg R. D. 5, collided with a car owned by Marie Moxley, parked in front of her home. Damage to the two cars was estimated at $300 each by police.

Wherley was arrested by police and charged with reckless driving and disorderly conduct under a borough ordinance. At a hearing before Justice of the Peace George A. Lippy, Hanover, police said he became both abusive and disorderly and he was fined $100 and costs on the disorderly conduct charge. This he declined to pay, police report, saying they could put him in jail first. He was later committed to jail for 30 days.

Harner, the driver police claimed was racing with Wherley, was charged with reckless driving in an information filed with Justice Lippy.

BIG THREE MAY MEET ON REDS NEW ARMS PLAN

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Secretary of State Dulles and the foreign ministers of Britain and France probably will confer this week on a formula for testing Russia's offer to join in a general embargo on arms shipments to the Middle East.

The possibility of bringing Middle East arms shipments once again under some kind of control is regarded here as slight but worth looking into.

Dulles will leave for Paris tomorrow to attend a meeting of the North Atlantic Treaty Organization and diplomatic talks on a variety of international problems, dominated by the continuing Palestine crisis, Russian maneuvers and the Cyprus dispute.

He will get a first-hand report from Britain's Selwyn Lloyd on the visit to London of Soviet Communist party boss Nikita Khrushchev and Premier Nikolai Bulganin.

Hint Arms Band

Just before leaving London last Friday, Khrushchev said if it were possible to agree on an arms ban "through the United Nations or otherwise" Russia would take part. He said that as long as other nations sold arms the Soviet Union would do so.

The reaction here was one of great suspicion. Communist Czechoslovakia began selling arms to Egypt last fall, and Moscow comment then linked the transaction to the development of the anti-Communist Baghdad Pact in the Middle East.

Speculation in official quarters here is that Soviet willingness to stop shipping arms to the Arab states in return for a general embargo is a way of saying that the United States and Britain would have to stop shipping arms to countries in the Baghdad Pact. Aside from Britain, they are Pakistan, Turkey, Iran and Iraq.

Another element of skepticism here is a belief that Russia wants to keep the Arab-Israeli situation in a state of turmoil—a source of worry to the West and a threat to Europe's oil supplies—without taking any serious risk of war.

HIDDEN POWER

CHARLESTON, W. Va. (AP) — Welterweight Ted Hanna of Gallipolis, Ohio, lost his Golden Gloves match, but he scored a knockout anyway. Manager Malcolm Jackson had just walked over the console his boy after the fight when Hanna casually threw back his elbow. It caught Jackson in the stomach and knocked him cold.

There's Humor In The News

CINCINNATI (AP) — Pastry chef Gene Vogel studies the weather forecasts to determine how he'll do his baking for the next day.

He explains it this way:

"If the weatherman says 'cold', I bake extra coffee cake, doughnuts — other things that go with coffee.

"'Warmer', I make fruit tarts, chiffon pies in greater quantity.

"'Rain', I cut down on the bake shop production 30 per cent because not so many people come downtown when it rains and they don't like to carry packages."

BALTIMORE (AP) — The Baltimore Police Department has ordered 30 new police cars, painted various pastel shades.

Commissioner James M. Hepbron said the department eventually will be fully equipped with vari-colored autos instead of the present black ones. The idea is to make them harder to spot.

LOUISVILLE, Ky. (AP) — Three men operate a firm here which has done everything from taking a hunk out of the globe to building a better fish hook. Sam Adams, his brother, Ted, and Marion J. Miller plan to take on more trained technicians with imagination. Much of their work has been for physicians doing research at the University of Louisville Medical School.

"The physician knows what his research problem is," Adams says, "but he hasn't the faintest idea of the mechanical limitations. That's our job."

They have:

Built a table which tilts from horizontal to vertical to study people who faint when they stand up; an electronic respirator to keep anesthesized animals breathing while researchers operate on them; a nerve stimulator to tell surgeons when they've uncovered a nerve.

They have also made a trigger fish hook for an inventor. The hook is spring actuated and sets firmly in a fish's jaw when mouthed.

Perhaps one of their oddest jobs was an order for copper-lined world globes with a hunk cut out. The customer wanted to grow flowers in them.

COLUMBIA, S. C. (AP) — Martin Hungerpiller parked his car in the lot outside the office where he works. Another car rolled down an incline, bumped his car into a third one, causing an estimated $35 damage to a fender.

Hungerpiller is a clerk in the detective office and the cars were in the police department lot.

LANDRUM, S. C. (AP) — The fire department found it takes more than water to put out a fire at the bottom of a well.

The well, 96 feet deep, was dry and the family of Mrs. Ruth Jones used it for garbage disposal. Someone dumped a mattress into it and then another member of the family threw in ashes from the coal heater.

The fire department was called but failed to extinguish the flames with about 250 gallons of water. Finally, a building contractor was sent for and got the blaze out by dumping in six loads of sand.

FORT OGLETHORPE ,Ga. (AP) — Homer Farris built a house largely from wooden yardsticks. He doesn't know how many went into the outside as weatherboarding but the inside walls, ceilings and floors are made up of 47,600 yardsticks.

He got the sticks — culls and seconds rejected by the manufacturer—for use as kindling but then decided to install an oil burner and sought some use for the big pile of sticks.

He first used some as weatherboarding on the back of the house but his wife liked the looks so well he decided to do all the weatherboarding with the sticks and then turned to the interior.

The wood strips came in varying types of wood and colors so he did the bathroom in flamingo and yellow; the walls and ceiling of the kitchen in unpainted sticks with kitchen cupboards in yellow and wine red; the bedroom with walls and ceiling and the living room maple throughout.

The floors of the house are three yardsticks thick, the walls two. Parris says the sticks are good insulation and they are standing up under the impact of the four young children.

MEMPHIS, Tenn. (AP) — Birthdays of the children in the Overton T. Ryan family can be remembered easily by tying them to a holiday. John was born on Christmas Eve, Alan on George Washington's birthday, Marion on Abraham Lincoln's birthday and James Patrick on St. Patrick's Day.

BOWLING GREEN, Ky. (AP) — Youth Day went off smoothly enough when high school seniors temporarily filled in for members of Fiscal Court—that is, until one student offered a motion that each student be paid the $15 given the elected officials for attending a meeting. The adults took over pronto, but still voted to pay each student $5 out of their own pockets.

SAN DIEGO, Calif. (AP) — The zoo raises mice and rats, 8,600 of them in 1955, to feed to its reptiles and carnivorous birds.

Employers' age policies are the cause of 58 per cent of U.S. retirements, one survey indicates.

GEORGE FAVORS EXPANSION OF NATO PROGRAM

By JACK BELL

WASHINGTON (AP)—Sen. George (D-Ga) said today he favors expansion of international political activities by the North Atlantic Treaty Organization but does not believe it should enter the economic field.

George spoke out in an interview in advance of the scheduled public appearance of Secretary of State Dulles before the Senate Foreign Relations Committee.

George heads the committee and serves as chief Democratic spokesman in Congress on foreign policy.

Voicing general approval of Dulles' proposal to try to give new vitality to NATO, the Georgia senator said, "I don't see how it can be made into an economic agency."

Cites "Possibilities"

Dulles has declined to spell out his NATO proposals before leaving tomorrow for a Paris meeting of the organization. But he has said there are "possibilities of joint efforts" which might include some or all of the NATO countries to assist in neighboring areas such as North Africa.

The secretary has said much of the economy of the NATO countries depends on oil from the disturbed Middle East.

George made it clear he thinks any large-scale American economic aid in the Middle East would involve "sticking our head in the lion's mouth" of the dispute between Israel and her Arab neighbors.

He said that outside the economic field he believes NATO nations could accomplish a great deal by "moving away from what is now only a strict military alliance."

Reds Oppose NATO

"The Russians are undoubtedly trying to get rid of NATO," he said. "They may have succeeded in softening up some of the European countries which are not as aware of the immediate danger of war as they have been in the past."

For this reason, he said, he will support proposals to broaden the consultation between NATO nations in the international political field.

Ambassador Henry Cabot Lodge Jr. said the United States should channel a larger share of its aid through the United Nations. Lodge is chief U.S. delegate to the U.N.

"Multilateral aid," Lodge said, "offers a way to prevent the so-called auction which some are trying to promote between the United States and the U.S.S.R. as to which will spend the most in an underdeveloped country."

MOVIE FILM CAREERS DON'T TRAP JAPANESE

By GENE KRAMER

TOKYO, (AP) — Japan's foremost movie studio is beating the bushes for talent, but the response so far is more like a trickle than a stampede.

Even newspaper ads are used in a quest for new faces by Daiei Studios, which produced the internationally famous films "Rashomon" and "Gate of Hell." Company employes are under orders to watch for prospects on the street.

"Japanese youngsters must be different from Americans. They're too modest and bashful to say they want to get into the movies," shrugged a Daiei executive. Other reasons are long hours of drama study, family pressure and low pay except for top stars.

Few Answer Ad

A nationally circulated newspaper advertisement for talent could easily draw half a million answers in the United States. Fewer than 7,000 answered one Daiei ad.

Interviews were granted to 250 who impressed the studio. Of those who answered the ad and those spotted on the street, only about 25 were considered talented enough for admission to Daiei's six-month "school for new faces." At most, five who complete the course will be signed to a contract.

When a prospect is spotted, the studio approaches her parents first. "A Japanese girl would think I was crazy if I walked up and asked her if she wants to go into the movies," said a Daiei man. Movies may be a modern industry, but in Japan marriage and occupations still are frequently arranged through families.

Falls Back On Revues

Most male stars are discovered through the "new faces" program but Daiei still falls back on theater revues for most actresses.

However, the one top actress who reached stardom from a newspaper ad is now billed as Japan's No. 1 pinup girl. She is Ayako Wakao, 22, a demure beauty whether she's in sweater or traditional kimono.

"The rise to stardom, takes so much work, you must be strong to stand the pressure," Miss Wakao says.

For six months in the "new faces" school the candidates, about one third males, get paid only carfare and meals while they learn movie acting.

The five who are signed to act work for three years at standard factory pay of $27.75 a month plus cutrate company housing, with a 10 per cent raise each year. They get about $150 extra for each of four or five bit parts the first year and more when and if the parts get fatter.

The third year, a "new face" is treated as a full-fledged actor and from then on it's up to his or her talent, Daiei says. There are almost no agents. After the first contract ends, the player may freelance or sign on with the company, as in Hollywood.

Adage Blasted By These Sluggers

NEW YORK (AP) — There's an old baseball adage that says southpaw pitchers are poison to left-handed batters. But you couldn't prove it by looking at the 1955 pinch hitting records compiled by Dusty Rhodes and Bill Taylor of the Giants — both lefties.

Rhodes made 10 hits in 20 chances for a .500 mark against portside hurlers. Taylor had only one shot at a southpaw — and it was a home run.

TIE, TIE AGAIN

PONCA CITY, Okla. (AP) — The basketball game between the Ponca Military Academy and St. Mary was nip and tuck. At the end of the first quarter the score was tied 8-8, at halftime it was 20-20, the third quarter ended 30-30, at the end of the regulation game it was 41-41 and at the end of the first overtime period it was still tied, 43-43.

St. Mary's finally pulled it out, 45-43, in the second overtime.

TWO BROTHERS HOLD KEY POSTS IN GOVERNMENT

WASHINGTON (AP)—This country may not be able to judge during their lifetime the success, or failure, of a pair of brothers who hold two of the most important jobs in the government.

As head of the Central Intelligence Agency, Allen W. Dulles, 63, supplies his brother, Secretary of State John Foster Dulles, 68, with information which helps shape American foreign policy.

Secretary Dulles has an obligation, as foreign policy guide in a democratic society, to keep the public as informed as possible on what the foreign policy is and the reasons behind it.

Because too much revelation at a given moment might defeat the purpose of a policy, Secretary Dulles' wisdom, or lack of it, may not appear for a month or a year and the full results may not be visible for a generation.

Heads Secret Agency

But CIA Dulles has no obligation at all to keep the public informed. On the contrary, his agency was created to be, because of the nature of its work, the most secret in government.

So the full achievements, or mistakes, of CIA Dulles may never publicly be known. Even Congress, which checks on every other government agency, has comparatively very little information about the CIA.

Congress doesn't even know how much money it spends or how many people work for it. CIA Dulles is answerable only to members of four congressional committees: armed services and appropriations subcommittee of both houses.

While members of those groups have said on the floor of Congress CIA Dulles is frank in answering their questions, they also have said they are careful not to pry too deeply into his agency's operations.

It has secrets, they say, which they don't want to be responsible for knowing.

Last year the special commission headed by former President Hoover looked into the CIA and generally gave it a pat on the back. But it had some reservations.

It said Dulles was a hard worker but tried to do too much by himself. And the commission expressed disappointment that the CIA wasn't getting more information from behind the Iron Curtain.

The CIA evaluates information gathered by its own and other government agents overseas and presents this to the National Security Council.

The NSC, composed of President Eisenhower, Secretary Dulles and other top officials, is the highest and most important policy-making body in the government.

Recently, as a result of Hoover Commission recommendations, Eisenhower appointed a committee of distinguished citizens to look into CIA operations, but only periodically, and report to him.

NORFOLK, Va. (AP) — A. P. Cofield has finally decided what to do with the 9,000 acres of the Dismal Swamp he owns. He's packaging it in two-quart bags and selling it as potting soil for plants.

Methodists Seek More Ministers

MINNEAPOLIS (AP)—Hard pressed to keep its pulpits filled, the Methodist Church today readied plans for a sweeping expansion in facilities for turning out new ministers.

The proposals, scheduled to come before the church's lawmaking General Conference today, call for enlarging the seminary program to graduate 2,800 new pastors a year — up from a past peak of 927.

A church study commission recommends stepping up the capacity of the present 10 Methodist seminaries and establishing two new ones.

Bishop Donald H. Tippett of San Francisco, commission chairman, said a large, steady stream of new ministers is needed "if we expect as a church to continue to grow in size and spiritual power."

BRICKER RAPS TV NETWORKS

WASHINGTON (AP) — Renewing his demand for federal regulation of television networks, Sen. Bricker (R-Ohio) said yesterday the two major chains are threatening the existence of smaller networks and stations.

He said the Columbia Broadcasting System and the National Broadcasting Co. have established "an unprecedented economic stranglehold" on the industry. CBS promptly disputed his conclusions.

Citing what he said was heretofore secret information from Federal Communications Commission files, Bricker said CBS, NBC and their 73 affiliated stations in the northeastern area had a combined net income in 1954 of about $90,600,000, while all other stations and networks suffered a combined net loss of about $300,000.

"That this is economic monopoly cannot be denied," he said.

A denial came from Frank Stanton, president of CBS, who said Bricker "has presented a grossly inaccurate picture."

"By no accepted standards does CBS have anything even approaching monopoly in the television broadcasting business," Stanton said.

Officials of NBC withheld comment pending a study of the Bricker report, made for the Senate Commerce Committee, which is studying television problems.

JACKSON, Tenn. (AP) — On a recent test, Paul Sutherland asked his eighth grade class to complete this statement:

"Tax is a . . . payment to the government."

"Compulsory" was the expected answer but one lad wrote "everlasting" — and how could he be marked wrong?

LEGISLATURE HOPES TO CLOSE SESSION MAY 12

HARRISBURG (AP)—The General Assembly today kicked off its final adjournment push with cautious hope that all work can be cleaned up by May 12.

"If we don't run into too much partisan trouble, we ought to be able to get out (by then)," said House Democratic Leader Readinger, adding:

"I'm not going to say I'm optimistic."

Prospects for final adjournment May 12, Readinger declared, depend mainly upon passage of must legislation still hanging in both houses.

If the calendars cannot be cleared by a week from next Saturday, another week may be needed before the longest legislative session in Pennsylvania history can be ended.

Both branches come back to start the 17th month of work tomorrow after a recess for the April 24 primary election. But legislative leaders get down to business today on amendments to the state's 3 per cent sales tax law.

Tax Vote Wednesday

Readinger said efforts will be made to bring the tax revisions to a final vote in the House on Wednesday.

The "lame duck" status of seven House Democrats may imperial administration-backed measures in the Democratic-controlled House.

Five, including Chairman Polen (D-Washington) of the Appropriations Committee, were defeated last Tuesday for re-nomination. Two others didn't seek re-election.

House Democrats members 111 with 106 votes needed to pass a bill. Readinger expressed the hope the "lame ducks" would turn out for the adjournment push but one of them, Rep. Morris Rosen (D-Phila) said Readinger couldn't count on him.

Chairman McCann (D-Greene) planned a meeting of the House Education Committee this week to discuss a proposed 31 million dollar increase in teachers' salaries.

Seek Increase Status

The appropriation to finance the boost already has passed but still to be settled is whether the increase shall be permanent or in the form of a two-year bonus.

In the Senate, a proposal to increase the borrowing capacity of the General State Authority by 100 million dollars is due for a final vote.

Huge appropriation measures are hanging fire in both chambers.

Hospitals, hard-pressed by a lack of state aid overdue since last August, are pushing for quick legislative action on some 21 million dollars in appropriations.

A sore point also developed between Senate Republicans and House Democrats on a 30 million dollar annual program for state aid for local roads.

5 MINISTERS ARE ORDAINED

HARRISBURG (AP)—The ordination of five ministers by Bishop George E. Epp and six pastoral changes highlighted closing sessions of the 117th annual East Pennsylvania Conference of the Evangelical United Brethren Church.

Pastoral changes announced yesterday at the end of the five-day meeting included:

The Rev. E.B. Harris, from Mount Carmel to Millersburg, replacing the Rev. S. A. Sitler, who retired; the Rev. W.H. Moyer, from Lehighton - Weissport - Big Creek to Mount Carmel, and the Rev. R. E. Walters Jr., newly ordained, to Tamaqua-Coaldale.

The Rev D.R. Repsher, from St. Luke's and St. Mark's in Bethlehem to Lehighton - Weissport - Big Creek; the Rev. A.H. Russweiler, from Tamaqua - Coaldale to the two Bethlehem churches, and the Rev. R.P. Stokes, newly ordained, to Catasauqua and Nazareth, succeeding the Rev. Robert Lederman, now chaplain at Oberlin College, Dayton, Ohio.

Ordained were the Rev. Galen N. Klinger, pastor at Shenandoah, Leonard S. Buxton, former pastor of Grace Church in Steelton and a student at Boston Unvviersity, and the Rev. Clarence R. Funk, pastor at the Kleinfeltersville and Voganville churches.

TWO BROTHERS HOLD KEY POSTS IN GOVERNMENT

WASHINGTON (AP)—This country may not be able to judge during their lifetime the success, or failure, of a pair of brothers who hold two of the most important jobs in the government.

As head of the Central Intelligence Agency, Allen W. Dulles, 63, supplies his brother, Secretary of State John Foster Dulles, 68, with information which helps shape American foreign policy.

Secretary Dulles has an obligation, as foreign policy guide in a democratic society, to keep the public as informed as possible on what the foreign policy is and the reasons behind it.

Because too much revelation at a given moment might defeat the purpose of a policy, Secretary Dulles' wisdom, or lack of it, may not appear for a month or a year and the full results may not be visible for a generation.

Heads Secret Agency

But CIA Dulles has no obligation at all to keep the public informed. On the contrary, his agency was created to be, because of the nature of its work, the most secret in government.

So the full achievements, or mistakes, of CIA Dulles may never publicly be known. Even Congress, which checks on every other government agency, has comparatively very little information about the CIA.

Congress doesn't even know how much money it spends or how many people work for it. CIA Dulles is answerable only to members of four congressional committees: armed services and appropriations subcommittee of both houses.

While members of those groups have said on the floor of Congress CIA Dulles is frank in answering their questions, they also have said they are careful not to pry too deeply into his agency's operations.

It has secrets, they say, which they don't want to be responsible for knowing.

Last year the special commission headed by former President Hoover looked into the CIA and generally gave it a pat on the back. But it had some reservations.

It said Dulles was a hard worker but tried to do too much by himself. And the commission expressed disappointment that the CIA wasn't getting more information from behind the Iron Curtain.

The CIA evaluates information gathered by its own and other government agents overseas and presents this to the National Security Council.

The NSC, composed of President Eisenhower, Secretary Dulles and other top officials, is the highest and most important policy-making body in the government.

Recently, as a result of Hoover Commission recommendations, Eisenhower appointed a committee of distinguished citizens to look into CIA operations, but only periodically, and report to him.

NORFOLK, Va. (AP) — A. P. Cofield has finally decided what to do with the 9,000 acres of the Dismal Swamp he owns. He's packaging it in two-quart bags and selling it as potting soil for plants.

Methodists Seek More Ministers

MINNEAPOLIS (AP)—Hard pressed to keep its pulpits filled, the Methodist Church today readied plans for a sweeping expansion in facilities for turning out new ministers.

The proposals, scheduled to come before the church's lawmaking General Conference today, call for enlarging the seminary program to graduate 2,800 new pastors a year — up from a past peak of 927.

A church study commission recommends stepping up the capacity of the present 10 Methodist seminaries and establishing two new ones.

Bishop Donald H. Tippett of San Francisco, commission chairman, said a large, steady stream of new ministers is needed "if we expect as a church to continue to grow in size and spiritual power."

BRICKER RAPS TV NETWORKS

WASHINGTON (AP) — Renewing his demand for federal regulation of television networks, Sen. Bricker (R-Ohio) said yesterday the two major chains are threatening the existence of smaller networks and stations.

He said the Columbia Broadcasting System and the National Broadcasting Co. have established "an unprecedented economic stranglehold" on the industry. CBS promptly disputed his conclusions.

Citing what he said was heretofore secret information from Federal Communications Commission files, Bricker said CBS, NBC and their 73 affiliated stations in the northeastern area had a combined net income in 1954 of about $90,600,000, while all other stations and networks suffered a combined net loss of about $300,000.

"That this is economic monopoly cannot be denied," he said.

A denial came from Frank Stanton, president of CBS, who said Bricker "has presented a grossly inaccurate picture."

"By no accepted standards does CBS have anything even approaching monopoly in the television broadcasting business," Stanton said.

Officials of NBC withheld comment pending a study of the Bricker report, made for the Senate Commerce Committee, which is studying television problems.

JACKSON, Tenn. (AP) — On a recent test, Paul Sutherland asked his eighth grade class to complete this statement:

"Tax is a . . . payment to the government."

"Compulsory" was the expected answer but one lad wrote "everlasting" — and how could he be marked wrong?

LEGISLATURE HOPES TO CLOSE SESSION MAY 12

HARRISBURG (AP)—The General Assembly today kicked off its final adjournment push with cautious hope that all work can be cleaned up by May 12.

"If we don't run into too much partisan trouble, we ought to be able to get out (by then)," said House Democratic Leader Readinger, adding:

"I'm not going to say I'm optimistic."

Prospects for final adjournment May 12, Readinger declared, depend mainly upon passage of must legislation still hanging in both houses.

If the calendars cannot be cleared by a week from next Saturday, another week may be needed before the longest legislative session in Pennsylvania history can be ended.

Both branches come back to start the 17th month of work tomorrow after a recess for the April 24 primary election. But legislative leaders get down to business today on amendments to the state's 3 per cent sales tax law.

Tax Vote Wednesday

Readinger said efforts will be made to bring the tax revisions to a final vote in the House on Wednesday.

The "lame duck" status of seven House Democrats may imperial administration-backed measures in the Democratic-controlled House.

Five, including Chairman Polen (D-Washington) of the Appropriations Committee, were defeated last Tuesday for re-nomination. Two others didn't seek re-election.

House Democrats members 111 with 106 votes needed to pass a bill. Readinger expressed the hope the "lame ducks" would turn out for the adjournment push but one of them, Rep. Morris Rosen (D-Phila) said Readinger couldn't count on him.

Chairman McCann (D-Greene) planned a meeting of the House Education Committee this week to discuss a proposed 31 million dollar increase in teachers' salaries.

Seek Increase Status

The appropriation to finance the boost already has passed but still to be settled is whether the increase shall be permanent or in the form of a two-year bonus.

In the Senate, a proposal to increase the borrowing capacity of the General State Authority by 100 million dollars is due for a final vote.

Huge appropriation measures are hanging fire in both chambers.

Hospitals, hard-pressed by a lack of state aid overdue since last August, are pushing for quick legislative action on some 21 million dollars in appropriations.

A sore point also developed between Senate Republicans and House Democrats on a 30 million dollar annual program for state aid for local roads.

5 MINISTERS ARE ORDAINED

HARRISBURG (AP)—The ordination of five ministers by Bishop George E. Epp and six pastoral changes highlighted closing sessions of the 117th annual East Pennsylvania Conference of the Evangelical United Brethren Church.

Pastoral changes announced yesterday at the end of the five-day meeting included:

The Rev. E.B. Harris, from Mount Carmel to Millersburg, replacing the Rev. S. A. Sitler, who retired; the Rev. W.H. Moyer, from Lehighton - Weissport - Big Creek to Mount Carmel, and the Rev. R. E. Walters Jr., newly ordained, to Tamaqua-Coaldale.

The Rev D.R. Repsher, from St. Luke's and St. Mark's in Bethlehem to Lehighton - Weissport - Big Creek; the Rev. A.H. Russweiler, from Tamaqua - Coaldale to the two Bethlehem churches, and the Rev. R.P. Stokes, newly ordained, to Catasauqua and Nazareth, succeeding the Rev. Robert Lederman, now chaplain at Oberlin College, Dayton, Ohio.

Ordained were the Rev. Galen N. Klinger, pastor at Shenandoah, Leonard S. Buxton, former pastor of Grace Church in Steelton and a student at Boston Unviversity, and the Rev. Clarence R. Funk, pastor at the Kleinfeltersville and Voganville churches.

Natural gas was used 3,000 years ago by the Chinese.

The 27,000 Americans killed in home accidents in 1955 was about twice the number killed in work accidents.
